TERMS OF SALE

1) A 10% buyers charge will be added to the hammer price of each lot purchased.

2) All bids are per lot as numbered in this catalogue.

3) Bids less than 50% of the estimate **will not be accepted.**

4) We reserve the right to withdraw any lot prior to sale.

5) All successful bidders shall be billed for postage, handling and insurance.

6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7) **All framed items are shipped at the purchaser's risk.**

8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts; this includes percentage increases.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15) No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16) Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20) In the event of dispute, the auctioneer's decision is final.

21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) All material in this catalogue is unconditionally guaranteed to be genuine.

28) No lots may be returned by floor bidders except for non-authenticity.

29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.

30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

Estimates & Reserves

We have placed estimates on all lots. These estimates are our conservative opinion as to what we feel the lots may realize. Prices realized may be higher or lower depending on wholesale and retail market conditions at the time.

Where non-published reserves exist, the auctioneer may make bids in response to others. Consignors are not permitted to bid on their own lots from the floor. R. M. Smythe reserves the right to include our own material in this auction as well as to bid on any item in this sale. R. M. Smythe & Co. has advanced money (where requested) to consignors and in addition has agreed to advance money to purchasers who have established credit in advance.

Condition Terminology For Currency

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.
Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
Abt (before a grade) - A shade below the grade it precedes.
Plus or + (following a grade) - A shade better than the grade.
VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.
VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

Terminology for Stocks & Bonds

Unlike coins and paper money, the grading of stocks and bonds has not developed to the point where everyone agrees on or uses similar standards. The very nature of stocks and bonds defies a grading system based, for example, on wear, or folds.

Instead of trying to develop a strict grading system, we have used terminology designed to convey a strictly subjective impression of the items we endeavor to describe.
Fair - A certificate with extreme handling, fold splitting, stains, small pieces or tears.
Fine - Slightly below average. Folds may be heavy with splits slightly into the design elements, but with no pieces missing. More severe flaws will be mentioned.
Very Fine (VF) - The average grade of most of the stocks and bonds we encounter. A **Very Fine** share certificate will have several light to moderate folds, and the paper will show obvious wear or softness. Bonds that were originally folded by the printer may have several additional folds. There may be minor edge roughness, but any splits that extend into the designs will be described. Very light soiling is typical, but heavier stains or foxing will be mentioned.
Very Fine+ (VF+) - Obviously used or worn, but brighter or cleaner than the average example.
Extremely Fine (EF) - A well above average example. Stocks may show a few light to moderate folds. Bonds that were originally folded may have a few light to moderate extra folds. The paper will retain most of the original crispness and brightness. The margins will be free from noticeable edge splits, stains or other problems.
Extremely Fine+ (EF+) - As made, or nearly so.
All certificates are **Very Fine** unless otherwise mentioned.

In 1897, Simon Lake built the Argonaut, the first submarine to operate successfully in the open sea. He later designed and built many submarines for U.S. and foreign countries. Lake is considered to be "The Father of the Modern Submarine".

1002 **South Fork Canal** 1855. *Placerville, El Dorado County, CA.* **One Share.** Watch dog guards key and safe in the foreground as sun sets behind mountain range across lake. Chandeliers at sides. Ornate eagle and shield printed in red-orange on the verso. Wide margins, on heavier paper. **EF.** *($350-Up)*

1004 **Stanislaus Central Bridge** (CA) 1853. *Sonora.* **One Share.** Primitive suspension bridge in center, flanked by paddle wheeler and train, each in an ornate frame. **EF.** A very early California item. *($400-Up)*

This bridge was constructed to link Stockton and Sonora directly, but it was inadequately built, and collapsed under the weight of the first wagon which crossed it.

1005 Fargo, Wm.: **American Express** (NY) 1873. **25 shs,** gy borders, full orange underprint. **Type VI.** #13638. Signed by **Wm. G. Fargo** as president, **J. 1011 **Philadelphia & Lancaster Turnpike Road** 1795. **One Share.** Low #8. Vignette at top of covered wagon making its way towards open toll gate. Signed as president by **William Bingham,** a prominent Philadelphia businessman after whom Binghamton, New York was named. He got his start working during the Revolution for Willing and Morris in Martinique, where he made large and questionable profits at the expense of the United States. He was later president of the Philadelphia Library Company, and it was he who ordered and placed the statue of Franklin outside its premises, which can be found today in a niche. Usual trisecting folds and minor creases, otherwise **EF.** Choice Bingham signature. ***($1000-Up)***

Issued to Francis Johnston of the City of Philadelphia. This, so far as is known, is the earliest vignetted American share certificate. Instead of issuing a new certificate each time one was transferred, the transfers were simply written on the back and the company notified of that fact. The firm belatedly recalled all the original forms in 1899, and shifted over to the change of certificate procedure.

1012 **Philadelphia & Lancaster Turnpike Road** 1795. **One Share.** #730. Similar to the preceding lot. On heavier vellum. Moderately foxed and soiled, otherwise **VF.** A sharp embossed corporate seal and dark Bingham signature. ***($800-Up)***

1016 **Phillip Best Brewing** (WI) 1873. *Milwaukee.* **One Share.** #149. Vignettes showing "Empire Brewery" and "South Side Brewery". Issued to and signed twice by **Frederick Pabst,** on verso and on the attached stub at left. Signed by **Frederick Pabst, Jr.** as secretary and **Emil Schandein** as vice president, with "vice" added in his hand. **EF.** ***($600-Up)***

This company was formerly the Empire Brewery Company, a family-owned enterprise founded in 1842 by Jacob Best. Best retired in 1853, leaving the business to his four sons. Shortly thereafter, however, three of the sons left the company to open up their own breweries, leaving Phillip Best as the sole proprietor. The company name was changed, and by 1860 Phillip Best had turned it into the largest brewery in Milwaukee.

German-born **Frederick Pabst,** a captain of a steamer plying the western lakes married one of Phillip Best's daughters in 1862 and joined his father-in-law in the business. Best retired in 1865 and Pabst took over as president. Pabst was joined by a Bavarian brewer named **Emil Schandein** in 1866, who had married his wife's younger sister. Schandein became his vice president. The two ran the company with great success, acquiring the South Side Brewery in 1869, the year Phillip Best died. By 1873 the brewery had an annual output of more than 100,000 barrels from a mere 5,000 a decade before. Schandein died in 1888, leaving Pabst sole control of the thriving business. Within six months of Schandein's death the company name was again changed, this time to the Pabst Brewing Company in recognition of Pabst's leadership and achievements. By this time the company had become the largest brewery in the world, with annual production of over half a million barrels.

1017 Drew, Daniel: **Buffalo & State Line RR** 1854. **100 shs.** #592. Train, steamship in the distance. Vintage train, bottom. Handsomely engraved by Toppan, Carpenter, Casilear & Co. Very lightly aged, and the stub is heavily glued over the left border, otherwise **VF.** Issued to and endorsed by **Daniel Drew** on the back. Notations on the attached stub at left indicates registry to "D. Drew from N.Y. & E. RR. Co." **Rare!** ***($3,650-Up)***

This road was active between 1852-67. It later consolidated into the Buffalo & Erie Railroad.

One of America's most colorful capitalists, **Daniel Drew** was an ally of Jay Gould and Jim Fisk. Drew was a contemporary and arch-enemy of Commodore Vanderbilt. Drew began his career as a cattle-driver and horse trader. By the early 1830's, he was the leading livestock dealer in the East. Unscrupulous and sharp, Drew applied his cattle trading skills to wider fields of endeavor. In 1834, Drew ran "anti-monopoly" steamboats up the Hudson River against Commodore Vanderbilt's fleet. This began a series of trade wars between the two. In 1866 they clashed again in what has been called "The Erie War." Drew, Fisk and Gould shorted Erie stock and fought Vanderbilt for control of the line. Court proceedings threatened Drew, Fisk & Gould, who barricaded themselves and $6,000,000 in a hotel in Jersey City surrounded by armed guards. A peaceful settlement ensued. Four years later Drew was wiped out, caught short in a rising market manipulated by his ex-partners, Fisk and Gould.

1018 **Edison Phonograph Works** (NJ) 1923. **200 shs.** br-or, embossed corporate seal. #159. Decorative border frame. Small eagle vignette below. Pen cancelled across with the signatures of the president and treasurer. Issued to and endorsed on the back by **Thos. A. Edison,** founder and the man who invented the phonograph, light bulb, and a host of other important inventions which revolutionized numerous industries. Tiny cancellation holes touch the last two letters of Edison's distinctive umbrella signature which is bold and legible, **VF+.** With the original stub, detached. ***($2500-Up)***

When Edison signed the transfer he was 75 years old, and the fortunes of Edison's enterprises were at full tide, thanks to the postwar boom. Change was in the wind, but, uncharacteristically, Edison failed to perceive the promise of the new electronic phonographs invented by his competitors. He insisted his mechanical phonographs were acoustically better, and he worked on developing a mechanical phonograph for long-playing records. The truth of the matter was that Edison could no longer hear the difference between good and bad sound quality. Bertil Hauffman, one of his young engineers, developed an excellent electronic phonograph and Edison rejected it. His sons supported Hauffman and secretly continued the work, hiding Hauffman in a back office of the Edison Storage Battery Company. Hauffman's electronic phonograph was finally perfected near the end of 1928, just on the eve of the Great Depression. It was to be the last product of the Edison Phonograph Works.

Note that the engraved amount of capitalization was $300,000 at $100 share each. The capitalization is crossed out and raised to $1,200,000.

1019 Harriman, E.H.: **Baltimore & Ohio RR** 1901. **100 shs.** #10314. Preferred Stock Trust Certificate, gr. Steam locomotive, left. IBN. Issued to and boldly endorsed by **E. H. Harriman** on verso. **EF.** ***($350-Up)***

Edward Henry Harriman (1848-1909), the "Napoleon of Wall Street", whose influence was said to extend over 60,000 miles of tracks controlling more millions of capital than any financial giant of the country during his time. His titanic struggle with James J. Hill over the control of the Northern Pacific triggered the May 1901 panic in Wall Street.

1020 Pullman, Geo. M.: **Oregon & Transcontinental** 1881. **100 shs,** gr. #427. Two Indian warriors see their first train and city. ABN. Diamond-shaped cancel, left. A corner tip is missing, else **VF+.** ***($200-Up)***

Issued to and neatly endorsed on the back by **George Mortimer Pullman** (1831-97), American inventor and railroad car manufacturer. In 1859, Pullman built his first sleeping car, revolutionizing long distance railroad travel and making it possible for travelers to arrive at their overnight destinations rested and refreshed.

One of the best certificates from a group of about thirty examples discovered in a recent archive acquisition.

1021 **Pullman's Palace Car** (IL) 1870. **2 shs.** Illuminated first letters in title. Signed by **George M. Pullman** as president. Slightly rough edge at top right, tiny punch holes through signatures, else **VF+.** Rubber stamped *R44.* ***($200-Up)***

1022 Getty, J. Paul: **Oklahoma Oil** (AZ) 1921. **200 shs,** gy borders, go embossed corporate seal. #16. Oil towers and tanks. Train, oil geyser, and tanks along borders. Signed by **J. Paul Getty** as president. Rubber stamp cancelled. **VF+.** ***($1200-Up)***

Jean Paul Getty, 1896-1976, was an American oil tycoon and prominent art collector. He made his first million dollars at the age of 22. Through shrewd investments and skillful stock market manipulations, Getty rose to become the richest man in the world with estimated assets of over $4 Billion at his death. Getty's vast holdings extended around the world and included oil and gas, uranium, gold and copper mines, vineyards, orchards, grazing lands, timberlands, refineries and chemical plants. An avid art collector, Getty acquired a priceless collection over the years which became the core of the now famous J. Paul Getty Museum in Malibu, California, whose endowment has grown to about $3 Billion, making it one of the world's wealthiest cultural institutions.

1023 Spreckels, C.: **San Francisco & San Joaquin Valley Rwy** 1895. **20 shs,** gr borders, or central underprint. #157. Passenger train. Signed as president by **Claus Spreckels,** German-born American sugar manufacturer and refiner; known as the "Sugar King." Heavy rubber stamp cancel partially affecting central vignette, otherwise **EF** ***($150-Up)***

Chartered in 1895, this 300-mile road between Stockton and Bakersfield was financed by Claus Spreckels to break the monopoly of the Southern Pacific Railroad.

1024 Morgan, J.P.: **New Jersey Junction RR** (NJ) 1886. **$1000.** 100-Year 4% First Mortgage Bond, Cb, br. #2851. Busy harbor scene. ABN. Signed on the back by **J. Pierpont Morgan** and **Harris C. Fahnestock** as trustees. Not fully issued. **EF,** sharp signatures. ***($250-Up)***

John Pierpont Morgan (1837-1913), was one of the most important financial figures of his time, and with John D. Rockefeller was reputed to have controlled half the corporate assets of the U.S. at the turn of the 20th Century. In 1895, Morgan brilliantly devised a plan and successfully raised funds to re-fill the coffers of the Treasury with $65,000,000 in gold, thereby saving the United States Government from almost certain disaster.

Harris C. Fahnestock was President Lincoln's broker, and helped sell War Bonds to finance the Civil War.

1025 **Moon Motor Car** (DE) 1930. **100 shs,** br. #C24443. Allegorical female languidly drapes herself around a "MOON" post. HBN. Uncancelled. **EF+,** premium quality. ***($240-Up)***

Joseph W. Moon began his business career with a horse, a saddle and a blanket. By 1925 he was producing 13,000 cars a year, powered by Continental straight eight engines. Moon attempted to produce a high quality European-type automobile, but reliability problems with his earlier model, the Diana, hurt sales, and production was halted in 1930.

The Standard Oil Trust was the first great American monopoly conceived by Rockefeller and Flagler. It was made up of nine trustees including William Rockefeller, O.H. Payne, Stephen Harkness , and Benjamin Brewster. As general statutes at the time limited ownership in other firms or in other states, Rockefeller and Flagler had devised the plan to take care of these legalities whereby acquisitions and ventures were channeled through the trustees whose affiliation and loyalty to Rockefeller and the Standard Oil of Ohio were not readily obvious. The Standard Oil Trust enabled Rockefeller to form alliances and set up new concerns in other states, while retaining complete control of all the various interests. It brought new meaning to the word "trust" and made Rockefeller the most powerful individual in the industry and richest man in the world.

John D. Rockefeller (1839-1937), was an American oil magnate who became the dominant figure in the oil industry until his retirement in 1911. He began operating a small refinery business with his partners and became alerted to the growing investment possibilities in that fairly new industry. In 1870, he organized the Standard Oil Company of Ohio and proceeded to achieve control of over 90% of the oil refineries in the country. Rockefeller had little interest in discovering oil. He left that to wildcatters and other speculators. He concentrated on the transportation, distribution and sales of petroleum products, building a fortune estimated at over a billion dollars at the time of his death. In his later years, Rockefeller contributed great sums of money to schools and institutions including the University of Chicago, the Rockefeller Foundation and the Rockefeller Institute for Medical Research.

Henry Morrison Flagler (1830-1913), was one of the driving forces in the Standard Oil Company, whose influence and importance, was perhaps only surpassed by J.D. Rockefeller himself. With J.D. Rockefeller, Flagler developed strategies and initiated numerous significant acquisitions making Standard Oil the most dominant player in the oil refinery and distribution industry. Besides oil, Flagler was also involved in other pursuits. He organized the Florida East Coast Railway (1886), and built great hotel resorts in St. Augustine and Miami.

Jabez A. Bostwick (1830-1892), was a successful oil refiner and philanthropist. He allied himself with J.D. Rockefeller's Standard Oil becoming one of the company's prime movers. Prior to his entry in the oil refinery industry, Bostwick was a successful cotton merchant.

1027 Morris, Robert: **North American Land** 1795. *Philadelphia.* **One Share.** #1414. The North American Land Company was set up in 1793 under the auspices of Robert Morris, John Nicholson and James Greenleaf. It held four million acres, two million in Georgia and the residue scattered in the Carolinas, Pennsylvania and New York. This company collapsed with the rest of the Nicholson-Morris empire in 1798. Note the promise of a $6 per share dividend, a sure sign that land speculation fever was abating and people were beginning to worry about cash income from their investments.

Vignettes of Santa Anna, his palaces in Vera Cruz, Turbaco and St. Thomas. Nathan Lane, NY. Signed by **A.L. Sta. Anna** next to his embossed orange seal. Aging along wide margins, otherwise **EF.** ***($550-Up)***

Antonio Lopez de Santa Anna (1794-1876) nine times the ruler of Mexico had a chequered career from 1819 until 1855. The maker and breaker of Mexican regimes, he fancied himself to be the Napoleon of Mexico. However, his lack of attention to important details particularly his failure to post **any** sentries during the sacred siesta period cost him defeat at San Jacinto in 1836. He was again defeated in the Mexican War (1846-1847). As a result, he had the dubious distinction of losing Texas, New Mexico, California, Nevada, Arizona, Utah and parts of other states to the United States.

In 1866, he decided to make one more effort at a comeback, availing himself of the chaos that attended the invasion of Mexico by France and the difficulties of the Juarez regime in commanding the loyalty of those Mexicans who were not supporting the Emperor Maximilian. This bond, one of 1500, was to be issued to raise $750,000, enough with his other resources to form an army. As collateral security, he pledge properties in Colombia and in Mexico, the last named having been confiscated years before. Moreover, not only did his agents embezzle most of his funds, but the United States government had him arrested and so broke up the plot. Santa Anna was only allowed to return to Mexico in 1874 when he was blind and dying. The only memorials to him are his home, which is a museum and a monument in Vera Cruz which commemorates his loss of a leg defending that city against the French in 1838.

1032 Forrest, N.B.: **Selma, Marion & Memphis RR** (AL) 1869. **$1000.** 20-Year 8% First Mortgage Bond, gr, bronze "$1000." #154. Train approaches rural station. Negroes picking cotton. *RN-W2. Nathaniel Bedford Forrest (1821-77) was a Confederate cavalry leader. His success on the battlefield earned him the rank of lieutenant general and chief commander of the Confederate Cavalry in Tennessee. Forrest fought at Shiloh, Fort Donelson, Murfreesboro, Chickamauga, Nashville, Gainesville and Athens. After the war he became involved in the railroad business and in the activities of the Ku Klux Klan.

Governor W.H. Smith of Alabama has also endorsed this bond. Guaranteed by the State of Alabama, which had to pay off these bonds when the railroad went into receivership.

Minor red pen cancellation partially touching vignette, otherwise **EF.** With a portrait of J.D. Rockefeller reproduced from an oil painting. Professionally matted together with museum-quality materials and contained under plexiglass in a gilt wooden frame; overall size: 22" x 18". Handsome display item! ***($10,000-Up)***

This company was incorporated in Cleveland, OH, in 1870 by John D. Rockefeller and his brother, William, along with Henry Flagler, Samuel Andrews and Stephen Harkness (a brother-in-law of Flagler's). Shares in Standard Oil were very tightly held. By 1880, the number of shareholders had risen only to 41 despite the company's enormity and complexity. During its time, Standard Oil (now Exxon) was the world's largest oil producer and controlled 90% of the U.S. oil business.

John D. Rockefeller (1839-1937), was an American oil magnate who became the dominant figure in the oil industry until his retirement in 1911. He started his business career as a bookkeeper. By age 19 he was a partner in a produce business. He began operating a small refinery business with his partners and became alerted to the growing investment possibilities in that fairly new industry. Federal Bonds

Excessively Rare U.S. War Bounty Land Scrip

1042 **United States War Bounty Scrip. $100.** Act of February 11, 1847. 6% bond redeemable at "the pleasure of the Government." A. No. 2529. RWHF. Washington mounted at the Battle of Monmouth, left; Woman with Eagle and shield, center; Washington mounted before a camp, right. Engraved transfer form filled in on the back. **About Fine.** *($3000-Up)*

This certificate was issued to a survivor of a soldier having a claim against the United States for 160 acres of land for which this cash certificate was accepted in lieu thereof. The historical background of this certificate is as follows. During the Mexican War, faced with conducting a three front war against Mexico in 1846-48, and with a shortage of volunteers, Congress passed the so-called 10 regiment bill on February 11, 1847. Under this law, men who enlisted, (officers were excluded from the benefits of this act) were entitled to receive 160 acres of land from anywhere within the public domain provided that they served for at least a year. Those killed or dying in the service of the country were entitled to pass their rights on to their heirs, executors or assigns, even if they had served less than a year. In lieu of the 160 acres, the volunteer might take a $100 bond bearing 6% interest, payable at the convenience of the government. However, since the 160 acres had a current market value of at least $200, very few persons chose to accept such bonds.

The official records of the Treasury indicate that two sorts of Bounty Land Scrip certificates were issued: one for $25 for a forty acre grant and another for $100 for 160 acres as noted above. A total of $233,075 was issued of both denominations on which $13,782.68 interest was paid. This would suggest that the scrip was redeemed on average within a year of issue. The number on this certificate, No.2529, also suggests that the certificates were numbered from one up until the issue was finished without regard to the denomination. Probably 2000 of the $100 certificates and over 1300 of the $25 pieces were issued. On June 30, 1896 only $3000 of such scrip in both denominations was still outstanding and unpaid. This item is uncancelled and has a par value of at least $106.

While we have offered a number of the different forms under the 1850's legislation of which about 57,000 individual certificates were emitted, we have never seen, heard of or handled, prior to this time, any of the 1847 certificates, to make no mention of the cash forms. As the amount outstanding represents less than 1.3% of the total amount issued, it strongly suggests that very few have survived down to the present day. Indeed, this piece might well be **Unique!** An extraordinary opportunity to procure one of the **Rarest** Federal bond items.

Discovery $500 February 25, 1862 Bond

1043 **United States. $500.** Act of February 25, 1862. 2nd Series. No.517. NBN. Orange and black. Lincoln, left; Secretary Chase, right. Red treasury seal. Brown back. Coupons May 1 1867 to 1 Nov 1881. **VF.** Stamped in purple on the back "Pay Secretary of Treasury for Redemption J. & W. Seligman & Co". *($5000-Up)*

This bond was part of a $500 million loan, of 5-20's; that is they could run for 20 years but could be recalled by the government in 5 years (on or after May 1 1867). Bonds were issued in registered form ($50 up to $10,000) and coupon bonds from $50 up to $1000. Each bond was issued in series (probably 10,000 per series) with changes being made in the designs of the 3rd and 4th series. Practically the whole of the authorized amount was issued and only $218,500 in coupon bonds was outstanding in 1896.

This outstanding figure would seem to offer considerable opportunities for acquiring such bonds, but such is definitely not the case. Most of the outstanding bonds were almost certainly stolen, lost or destroyed. We have seen only four of the $100's, which traded at $2750 each, some years ago. We have never until now seen the $500 and this bond is not reproduced in the American Bond Detector book, although other bonds of this act do appear there. From the stamp on the back, which is similar to that on the back of the $100 bonds, it would appear that the bonds were stamped for redemption by the U.S. Treasury, but for an unknown reason, were never delivered to the Treasury. Since the loan was called in May 1867, this bond is worth $515 for the face and May 1867 coupon. **A Tremendously Rare** and important part of any American Government Bond Collection.

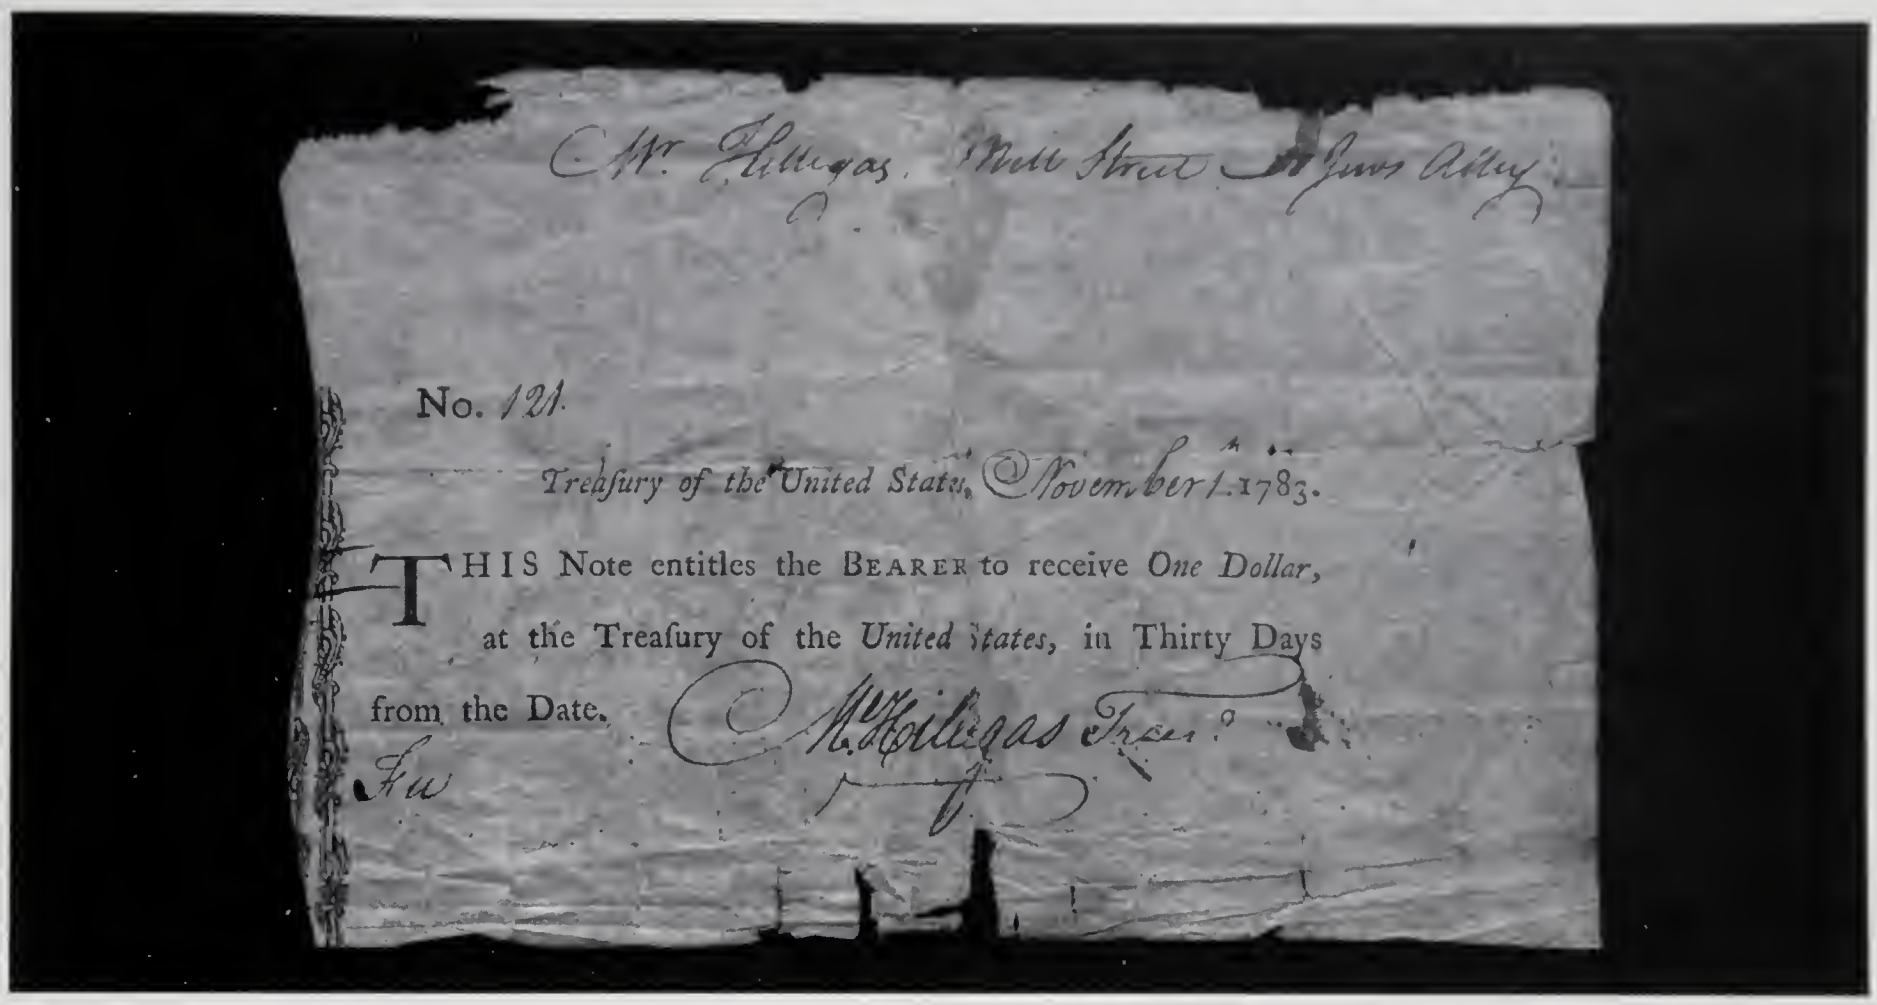
First Ever Offering of a 1783 Subsistence Note



No. 121.
Treasury of the United States, November 1. 1783.
THIS Note entitles the BEARER to receive One Dollar,
at the Treasury of the United States, in Thirty Days
from the Date.

1120 Treasury of the United States. **$1.** November 1, 1783, Due 30 days. Signed by **Michael Hillegas,** first Treasurer of the United States. On paper watermarked "Subsistence" lying between the words "This" and "Thirty". **Of the Highest Rarity and Historical Importance,** only mentioned as existing in the Newman Opus on page 52. Overall **About Fine,** nibbled edges, chink holes at the bottom not affecting the text, indent about a third gone at the right. ***($10,000-Up)***

The story behind this extraordinary note is as follows. In 1779, the Continental Congress exhausted its credit. Efforts to circulate state bills bearing interest and guaranteed by the United States were not very successful. The pay of the army went into arrears and foreign loans dried up. While the enlisted men were at least fed and given an occasional payment on account of their salaries, the officers received nothing. Congress and the Superintendent of Finance, Robert Morris, came under great pressure to correct this situation.

Having ascertained that each officer's rations (subsistence) came to about $4 a month in coin, Morris borrowed a paper mold from the Bank of North America, which owed him many favors, and sent the deckle to the Pennsylvania paper maker, Mark Wilcox, of Chester County. He, under the supervision of Benjamin Dudley, produced 4,000 sheets of paper. These were delivered to Morris on December 24, 1782.

That day, Morris called in David Hall, Ben Franklin's old printing partner, handed him 100 sheets and told him to print six notes to the sheet in the denominations of $1, $2, $4, $8, $10 and $15. On December 26th, Hall returned these sheets fully printed. Thereafter, Dudley delivered to Hall such blank sheets as Morris directed. For his part, Morris delivered the printed sheets to Hillegas, who filled them in and distributed them to commissary officers in the North, where the bulk of the Army was watching the British in New York.

Since there were 4,000 sheets and each sheet had a value of $40, the total amount that could be issued was $160,000. Yet the amount prepared and issued by Hillegas was almost certainly less than this. It is known for example that in January 1783, $18,271 of these notes was paid out and that the February figure was $19,088. Thereafter, until June 1783, when the army was disbanded in anticipation of the Peace of Paris (actually ratified in September), the pay out was about $18,964 a month. This would give a figure of about $113,215. The actual issued figures, even with additions, were modest.To these reported issues must be added reported pay outs on the April and May 1782 subsistence accounts and further payments for July up to November 1783. Hillegas himself reported total issues up to September 30, 1783 as $130,160 with 3254 sheets used up. In addition to the 746 sheets yet unused, there were $96,132 paid out and redeemed or returned unissued for destruction by the Treasury. Only $34,028 were reported as being outstanding.

To these figures must be added at least $2800 of notes reported to have been stolen from the Princeton, New Jersey post office. Fortunately, the thief realized they were too hot to handle and dumped them in a meadow, where a member of Princeton's black community found them and returned them to the post office. We can also tell from the November note featured here that at least 121 sheets worth $4840 were issued in November 1783.

Why have so few of these notes survived? The answer is that under the terms of Morris' plan, the officers were to be given the notes and they would buy their food from the Army commissary personnel. If the commissary had no food, or the officers did not want to purchase from them, then the notes were to be returned. There is very little evidence of the notes getting into circulation and even less of their being received by a distrustful public. Despite the fact that they were payable in 30 days and were made to look like Morris' six months notes, which had some credit, people refused to receive them. It would be safe to say that well over 98% of these notes were returned for payment.

How then did the present note escape? One possibility is that it was among the small quantity used in the South to buy some tobacco for shipment to Europe. Or perhaps it was kept as a curiosity by a southerner serving with the northern forces. Whatever the reason, it was retained by a southern family all the way up to last year, which would account for the absence of sightings.

We have had the pleasure of handling some of the most significant 18th Century American fiscal paper ever auctioned (last year's sale of the Bank of North America share at $36,300 comes to mind). This is the most important **circulating** item of early American currency we have ever had the opportunity to catalogue and auction. Take this opportunity to acquire one of the great items of United States Government currency, because there may not be a second chance for decades.

Signed by John H. Reagan, Confederate Postmaster General and by Bolling Baker, the Auditor of the Post Office. We have offered only three of the Hoyer and Ludwig postal warrants; one used from 1861-early 1862; one used in the fall of 1862 and another used in early 1863. **This is the first we have offered of this type.** It should bring at least what Lots 869-871 brought in our September 1987 Sale in Richmond, where such items ranged from $750 to $1150 plus buyer's charge.

1124 *Richmond.* **Treasury Department of the Confederate States** June 14, 1862 **$55.** Warrant. Douglas, Eng. N.O. Nos. 1113/405. Payable at the Georgia RR and Banking Co., Augusta, GA. **EF,** punch hole tear out of the edge at the left, red ink number, stamp of the bank at the center, mottled aging. ***($150-Up)***

These warrants went into use about July of 1861 and continued to be in use until the supply was exhausted in mid-1862, at which time the printer was trapped behind enemy lines and J.T. Patterson was employed. A few leftovers were used towards the end of 1864 for customs warrants.

This note is somewhat of an enigma and worthy of detailed study. Its origin and notation that it is counterfeit merit research by its subsequent buyer. Our examination of the vignette detail and counter work seem to indicate that this is a genuine Perkins, Bacon product. However, there are some other characteristics that are not as well defined. The notations may have originated to prevent its circulation or to indicate its repudiation as a worthless fiscal instrument. These notations were common in the American "Broken Bank Note" era for any product whether it was altered, counterfeit plate, spurious or a genuine note that was from a bank that later became insolvent. With this criteria in mind, we offer this note **As is,** and **Not subject to return** for reasons of genuineness.

Also included is a large photograph of the original art work used for the center vignette.

Japan

1170 **Nippon Ginko. One Yen.** (1885). (P-22). **Fine,** attractive for the grade, some rounding at the upper center fold, an 1/8" tear at the left end. **(Photo)** *($250-Up)*
Popular Daikoko vignette at the right.

Mexico

1171 *Chihuahua.* **El Banco Mejicano. 50 Centavos.** 1878. NBN. (P-S145). **VF,** close cut edges typical of the issue, light aging. *($200-Up)*

1172 *Chihuahua.* **El Banco Mejicano. One Peso.** 1878. NBN. (P-S145). Crisp **About EF,** slight aging, the colors bold on each side. Edges trimmed (may be the natural cut of the note) in on three side, the bottom imprint included. **Very Choice** for this rare issue. **(Photo)**
($500-Up)
The Pick catalogue is $400 in fine, this example worth well over that.

Peru

1173 **Compania de Obras Publicas y Fomento del Peru or "Meiggs" Note Issues.** [4] *($200-Up)*
1) **Peso.** 7/4/1876/ (P-S444b). **About VG.** 2) **5 Pesos.** (P-S445b). **VG.** 3) **10 Pesos.** (P-S446b). **VG.** 4) **20 Pesos.** (P-S447). **Good,** splits. All with heavy soiling typical of the issue.

Phillipines

Important BEP Produced Phillipine Islands Proofs

1175 **Phillipine Islands. 500 Pesos.** Series of 19__. (P-72). Black and white essai **Proof** on card by BEP. **Choice Uncirculated. (Photo)** *($2000-Up)*

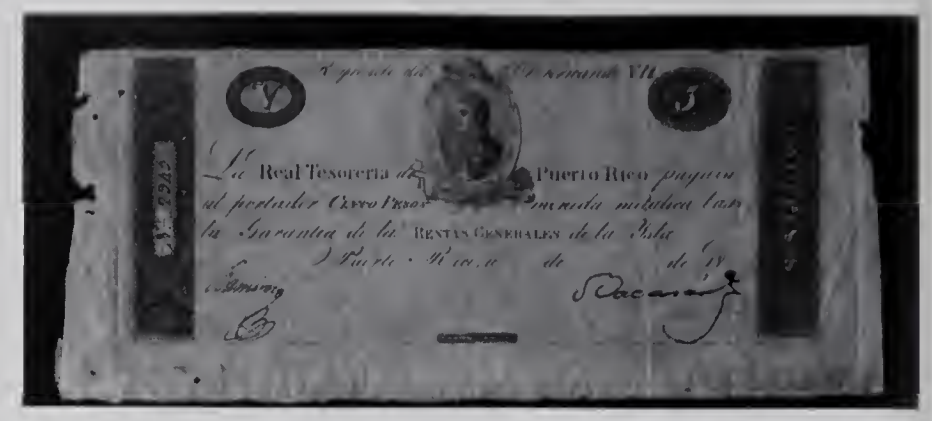
This example does not have the full series date, but is the type of Pick-72. Unlike the next example, the signatures are not printed on this essai. Another **Great Rarity** and it would be the centerpiece of a specialized Phillipine bank note collection.

1176 **Phillipine Islands. 10 Pesos.** Series of 1929. (P-76). Black and white face **Proof** on card by BEP. **Choice Uncirculated** and a great rarity. **(Photo)** *($750-Up)*

Changes in the Phillipine Currency commenced in the 1929 series due to the changeover in the United States from large size to small size currency.

Please see the separate photo plate pages for additional photographs

Puerto Rico



1177 **Real Tesoreria de Puerto Rico. 5 pesos.** 18__. 1815-19 Issue. MDF. (P-6). Serial 2945. Signed properly, not dated. Attractive **VF+,** ink erosion in the right signature and the serial number, two small POC in the note area and a few in the wide margins. **(Photo)** *($3000-Up)*

Russia

1178 **Russian Treasury Small Change Note Set.** [8] *($300-Up)*
1-8) **1, 2, 3, 5, 10, 15, 20, 50 Kopecks.** 1915-17 Treasury issue. (P-24-31). All **AU** to **Uncircualted,** light handling. The 10, 15 and 20 Kopecks are quite scarce.

1179 **Russian Currency Collection, in small album.** *($150-Up)*
Group of 150 or so notes, stamp money and fiscal items kept in an antique ledger book. Primarily early Soviet issues. Much variety, but some duplication. Should be seen by specialists. **Good-Unc.,** much is heavily handled. **Sold as is; No Returns.**

Scotland

1180 **National Bank of Scotland. £1.** 11/9/1889. Unlisted early date, otherwise like Pick-S560. **Specimen** by Waterlow. **Unc.,** POC and heavy handling. *($200-Up)*
This is an unusual note indeed. Not only is this an early, unlisted date, but it is printed in an unusual manner. Both sides are weakly inked giving an unsharp impression. However, the Waterlow red stamp at the bottom of the face is clear and sharp. Is this a "Cancelled" counterfeit or an essai for the issued notes which were produced over several issue dates.

Switzerland

1181 **Banque Populaire de la Broye. 20 Francs.** 19/11/1879. (P-S572b). Green. No. 313. Not fully issued, **Unc.,** natural wrinkling. **(Photo)** *($200-Up)*

Uruguay

1182 *Montevideo.* **El Banco Montevideano. 50 Centesimos.** 3/1/66. (P-S352). **VG+,** solid and nice for the grade. **(Photo)** *($250-Up)*

Overall the sheet is **VF,** some fold splits affect the notes. The bottom note is fully intact, the top with a split and the center note with some pieces missing. **(Photo)** ***($1000-Up)***

Miscellaneous Groups

1184 **World Bank Notes.** [5] ***($180-Up)***

Most of the "Classic" bulk foreign banknotes are represented. All are organized into envelopes. Over 75% of the notes are **Unc.** A rough Pick catalogue is close to $4,000. Should be seen, and would be very useful for promotions or price lists. **Sold as is: No Returns.**

Well's Fargo & Company Gold Changer Machine

1190 **Wells Fargo & Co.'s Express Patent Gold Changer. (Photo)** ***($5000-Up)***

An extremely unusual and to our knowledge unique in private hands 1880-1910 nickel plated cast iron machine. It measures 14" high, 9" wide and 6" deep. A stamped brass plate inset into the front door bears the company name, Serial No. 5496, and "GOLD CHANGER", "BAKERSFIELD, CALIFORNIA". A plate on the inside door states "F. TILLMAN & CO., BATTERY STREET".

The gold changer was designed to provide silver change. The user inserts either a $2 or $5 gold piece or their foreign equivalence (Sovereigns, 20 Francs, etc.) and then pulls open a drawer. Inside the drawer is a cup containing the appropriate change in the form of half dollars and silver dollars. Rods on the sides hold the cups.

The nickel plating is dull and about 20% has flaked away. The outside surfaces are dull and rusted but restorable. The mechanism is working, but could use some minor adjustments and proper lubrication. The front door hinge is broken near the bottom.

Truly a **Unique** piece of Western financial history and Americana. Has to be seen to be fully appreciated.

An Important Group of Connecticut Proof Notes

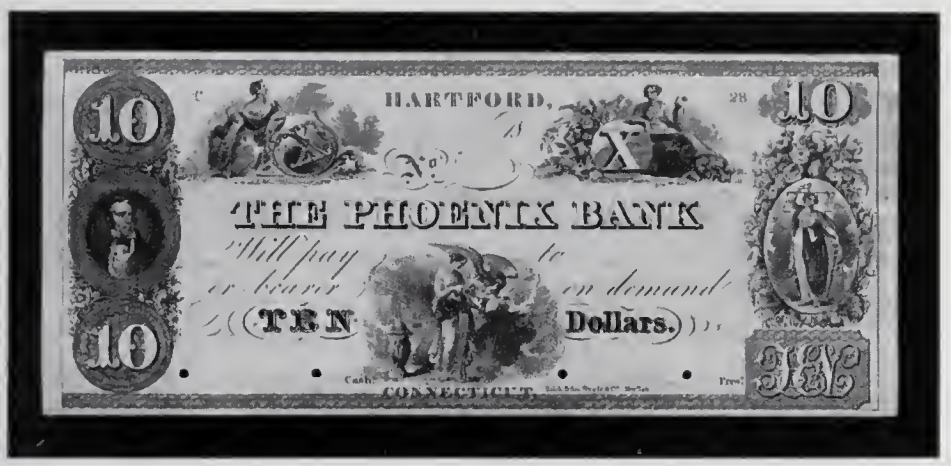
The following selection contains several proof issuers not present in the ABN archive sales from several years ago.

1193 *Bridgeport.* Bridgeport Bank. **$100.** (CT-25, G-172 **SENC**). **Proof** on card. **Unc,** rectangular cut outs in the signature blocks. **(Photo)** ***($250-Up)***

We Research Old Stocks & Bonds To Determine Their Value as Securities

1194 *Hartford.* Phoenix Bank. **$2.** Aa. Unlisted. 1820's or early 1830's. FDU. **Proof,** on india paper only. **Unc,** light foxing spots face and back. **(Photo)** *($200-Up)*

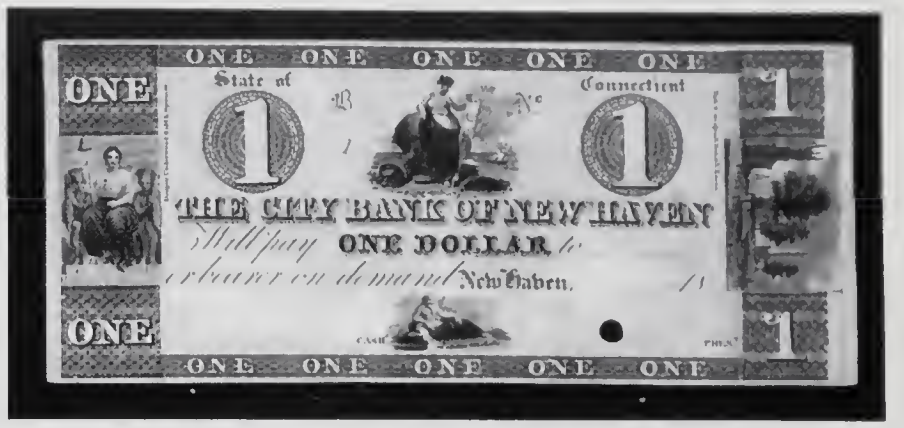
1195 *Hartford.* Phoenix Bank. **$3.** Cc. (CT-195, G-110). **Proof** on card. **Unc,** some soiling on the face and back. **(Photo)** *($200-Up)*



1196 *Hartford.* Phoenix Bank. **$10.** C/2B. (CT-195, Unlisted). 1830's. Balch, Stiles, Wright & Co. **Proof** on india paper only. **Unc,** but handling traces on both sides and light foxing spots along the right margin, with four small punch holes in the signature blocks. **(Photo)** *($200-Up)*

1197 *Hartford.* Phoenix Bank. **$50.** (CT-195, G-164a). **Proof,** on india paper only. **AU,** right of center fold, six small punch holes in the signature blocks; another at the top in the margin. **(Photo)** *($250-Up)*
A lovely full tinted note with an MDF imprint and two "50" protectors. The MDF imprint antedates 1824; the tint looks like the work of the mid-1850's. It was probably added to hinder the counterfeiting of this old style note. Not in the ABN Sale.

1198 *Meriden.* Meriden Bank. **$10.** (CT-220, unlisted denomination). **Proof** on india paper only. **Unc,** four small punch holes, petty mishandling. **(Photo)** *($300-Up)*
Note the ten 1799 and 1800 silver dollars at the left and the clock vignette with silverware, paint and lamp items at the right, Meriden being a town where clocks and the other illustrated items were made during the period in which this note was issued. In this sense this note could have been an advertising bill.



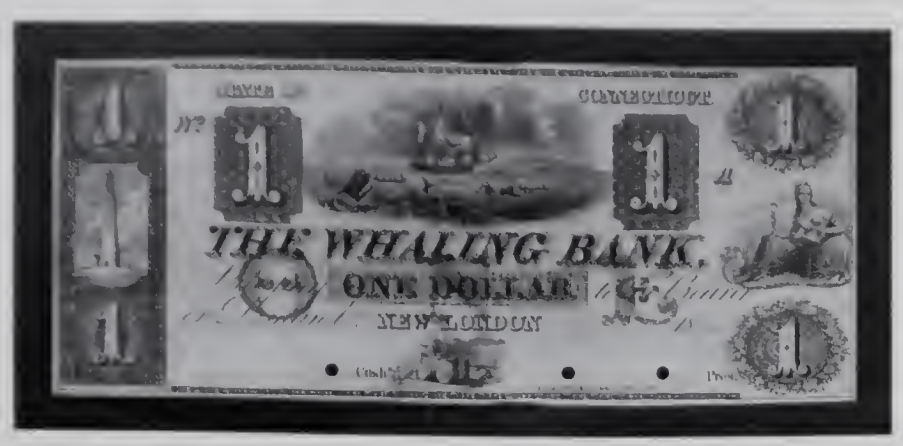
1199 *New Haven.* City Bank of New Haven. **$1.** B/1. (CT-265, G-4). **Proof** on card. **Unc,** POC, one punch hole at the right, foxing spots on the back. **(Photo)** *($150-Up)*

1200 *New Haven.* Mechanics' Bank. **$1.** D. (CT-280, G-100). **Proof,** on card. **Unc,** aging and foxing, most notably on the back, plus a rectangular cut out in each signature block. *($125-Up)*

1201 *New Haven.* Mechanics' Bank. **$5.** D. (CT-280, G-108). **Proof,** on india paper. **Unc,** mishandling at the left, two rectangular holes, one in each signature block. *($125-Up)*

1202 *New London.* The New-London Bank. **$5.** B. (CT-315, G-72 **SENC**). RWH. 1830's. **Proof,** on india paper only. **Unc,** foxing around the three punch holes, an ink notation along the left border. **(Photo)** *($200-Up)*

We accept MAIL, PHONE or FAX bids for any lot in this Sale.



1203 *New London.* The Whaling Bank. **$1.** (CT-325, G-4). **Proof,** on india paper. **Unc,** POC, scattered light foxing. **(Photo)** ***($400-Up)***
The whaling vignette is a good one, showing a Bering Sea landscape with a smashed whaling boat and a Sperm whale. At left is the New London lighthouse.

1204 *Norwalk.* The Fairfield County Bank. **$2.** (CT-335, unlisted). RWH, NY. **Proof,** on india paper. **Unc,** POC, tiny foxing spots. **(Photo)** ***($200-Up)***

1205 *Norwich.* Merchants' Bank. **$4.** (CT-350, unlisted). RWHE, NY. **Proof,** on india paper only. **Unc,** POC, a few light foxing spots. **(Photo)** ***($300-Up)***
An exceptional note, the denomination being seldom seen in Connecticut. Note the fulling machine for cloth at the right.

We Buy, Sell and Auction Coins, Currency, and Stocks & Bonds, Autographs and Related Items. Send $15 for our next auction catalogue, or call 800-622-1880 today!

1206 *Norwich.* Merchants' Bank. **$5.** (CT-350, G-16 **SENC**). Whaling vignette at center. **Proof,** on india paper only. **AU,** double corner fold, other minor mishandling, the right top border being trimmed. **(Photo)** ***($300-Up)***

1207 *Norwich.* The Quinebaug Bank. **$5.** B. (CT-360, G-14, **SENC**). RWH. **Proof,** on india paper only. **Unc,** POC, light foxing, some minor handling. **(Photo)** ***($200-Up)***

1208 *Norwich.* The Quinebaug Bank. **$5.** A. (CT-360, unlisted). RWHE, payable at the Bank of New York. **Proof,** on india paper only. **EF,** a couple of folds, at the right and another fold at the left. The signature blocks are pen cancelled and there is minor, scattered foxing on the note. **(Photo)** ***($250-Up)***

1209 *Thompson.* Thompson Bank. **$1.** B. (CT-429, G-4). **Proof,** on india paper only. **Unc,** POC, petty handling, a mounting remnant on the back. **(Photo)** ***($175-Up)***

1211 State of Georgia. **$5.** (Cr.5D). No.35989. Red tint broken on face with residue on the back. **EF, plus. (Photo)** *($200-Up)*
There is a corner fold in addition to the folded over lower right corner, which explains the broken protector.

1212 Cobb's Actual Business College Bank. **25¢.** Listed as Schingoethe MAV-151.25. **VG**, a small split in the bottom border. **(Photo)** *($200-Up)*

1213 **Rome's Bank of the Empire State Color Proofs from the ABN Sale.** [2] *($280-Up)*

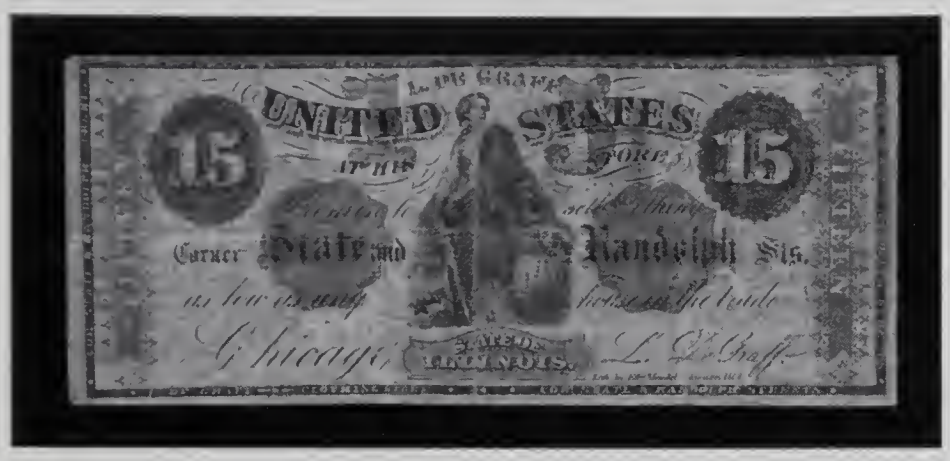
1219 *Benton*. Frontier Bank. **$10.** (IL-45, G-4). **Proof** on card, by BC. **Unc.,** the ABN stamp has been removed (for some absurd reason, it does not affect the face of the bill). **(Photo)** ***($150-Up)***



1220 *Chicago*. L. De Graff, Clothing of all Qualities. **15.** Demand note style mimic ad note. Green/green back. Located corner State and Randolph. **VG-Fine,** some trivial foxing. **(Photo)** ***($200-Up)***

Kansas

1227 **KS:** *Leavenworth City.* Banking House of Clark Gruber & Co. **$1000.00 Check.** Red typeset. RN at upper left. **EF,** CC. *($200-Up)*
Clark, Gruber was of course the territorial gold coin issuer whose private mint was purchased by the U.S. Government when the latter prohibited the minting in 1864. The firm had branch offices all along the rout to Denver and points east to milk the gold dust and bullion at every feasible point.

Louisiana

1228 *New Orleans.* Union Bank of Louisiana. **$5.** (LA-145, G-8). Two sided specimen or proof on thin paper. **AU,** POC, some back glue remnants at the right, lower right corner defect. **(Photo)** *($400-Up)*

Massachusetts

Unlisted Notes

1233 *Boston.* Cochituate Bank. **$500.** 1851. NEBN. Unlisted series. Woman on the shore upper left. Serial No. 15. **About VG,** some folded over edges. **(Photo)** *($300-Up)*
Only other example we have seen was missing a large hunk. This is quite presentable.

1234 *Boston.* Cochituate Bank. **$1000.** 1851. NEBN. Unlisted series as the last. Mythical monument, small train. Serial **No. 1. VG,** some pinholes, soiling at the upper left from dirty counting fingers. **(Photo)** *($300-Up)*
Obviously a great rarity and Number 1 (too rich for the President to save, until the bank was busted).

1235 *Boston.* Howard Banking Co. **$5.** (MA-246, C-8a). Santa Claus note. **VG,** several large pin holes at the center, a clipped bottom right corner tip. *($150-Up)*

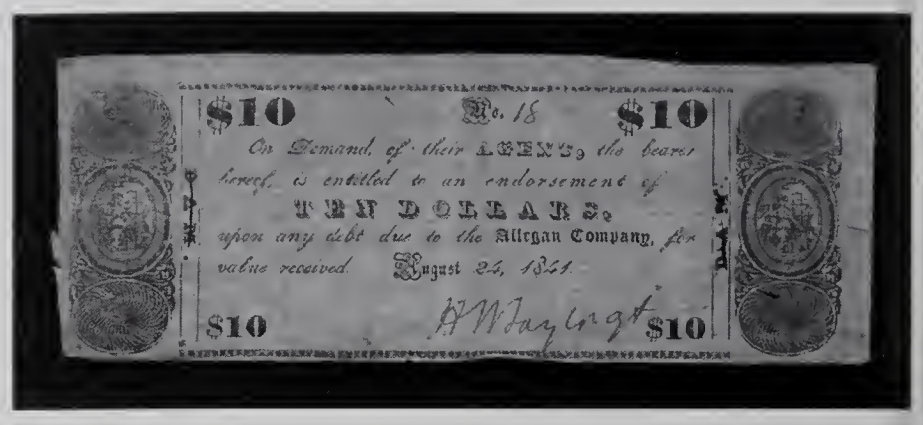
High Denomination Clearing House Note

1237 *Boston.* Merchants National Bank of Boston. **$5000 in Gold.** 188_. Payable by the Boston Clearing House Association. Green overprint, **Proof** on thick paper by ABN. Stub at the left. **VF-EF,** choice and much superior to a similar specimen we sold several years back . **(Photo)** ***($750-Up)***
These extremely high denomination clearing house certificates, when encountered, are generally only seen in specimen or proof form. This was formerly part of a three subject sheet. The others having been dispersed already, this is the last available.

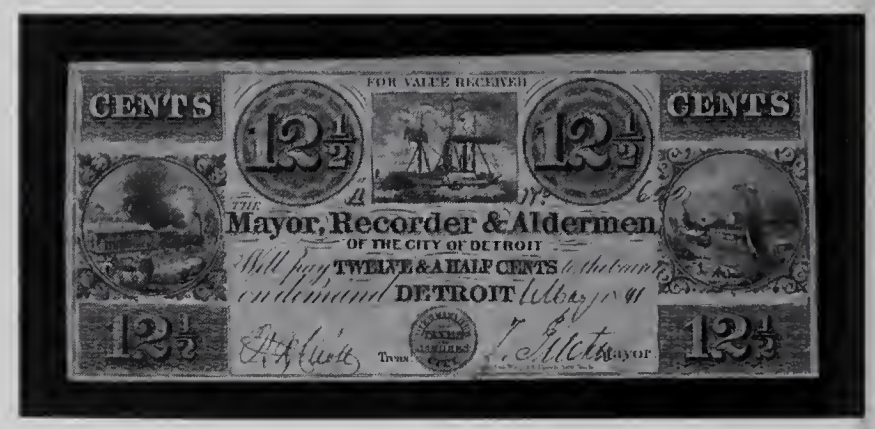
1238 *Fall River.* Metacomet Bank. **$5.** (MA-580, G-8). Black and white **Proof** on India paper. **Unc.,** POC, a natural paper wave, not apparent from the face. The ABN stamp is heavy and bleeds through the lower right by the "fish" vignette. **(Photo)** ***($200-Up)***

1239 *Gloucester.* Bank of Cape Ann. **$5.** (MA-620, G-8a). **Proof** on India paper, remounted on card. Spectacular cod fishing vignette. **AU,** POC, some wrinkling due to the mounting. **(Photo)** ***($250-Up)***

Michigan



1240 *Allegan.* Agent, per the Allegan Company. **$10.** 8/24/1841. All blue, woman with ship at left and right ends. Signed H.W. Sage, Agent. Serial No. 18. No imprint. **Fine+,** tiny hole at right, "D.A.M." crossed out each side. **(Photo)** ***($250-Up)***
The initials "D.A.M." are an enigma to us. They don't seem to coincide with the signatory, nor the organizers of the company, Samuel Hubbard of Boston or agent Sidney Ketchum. According to Bowen (Page 52), this was later called the Boston Company



1241 *Detroit.* Mayor, Recorder & Alderman of the City of Detroit. **12-1/2¢.** 1841. RWH. Sharp **Fine+,** hint of foxing in two small spots. **Superb** for this well worn and scarce emission. **(Photo)** ***($200-Up)***

1243 Exchange Bank of Daniel Ball & Co., per the Michigan City and South Bend Plank Road Co. **$1.** A. 1860's. ABN. All green tint. (Bowen 1, WVS-497-2, Rarity 7). Solid **Good+,** soiled, two small POC, a tiny rounding in at the upper right. **Rare.** *($200-Up)*
Payable in Grand Rapids and listed in Bowen as such. This example was from the Bowen Estate originally.

244 Exchange Bank of Daniel Ball & Co., per the Michigan City and South Bend Plank Road Co. **$5.** A. 1859. ABN. All green tint. (Bowen 5, WVS-497-5, Rarity 7). **About VG,** two small POC, soiled. **(Photo)** *($250-Up)*
This example has a rare back advertising stamp for Foster and Metcalf Hardware in Grand Rapids.
The Ball Company was the subject of brief excitement reported in the 10/5/1861 issue of *The Grand Rapids Eagle*. A suspension of payments from the bank was announced and countered by the assignees of the company that the $22,000 of circulation would no doubt be paid once some NY draft problems were cleared up. The heavy wear on these notes and their great rarity indicate that this must have been the case.

245 *Hillsdale*. Union Business Institute, First National Business College Bank. **$1000.** (H&MS-OH-975-1000). Green tint and back. Unissued. **About VF,** a small pen endorsement back right side. **(Photo)** *($250-Up)*
Issued out of Oberlin, Ohio also.

1246 *La Grange*. Cass County Bank. **$1.** Unlisted. 1830's. **U. Unc,** a punch fold, scattered foxing stains. *($200-Up)*
A small group of these appeared recently, and seem to have been absorbed into the marketplace.

1247 *Monroe*. River Raisen & Lake Erie RR Co. **$10.** (MI-290, G-46). **AU,** trivial handling and extremely choice for this issue. **(Photo)** *($200-Up)*

Excessively Rare Commonwealth Bank Notes

1248 *Tecumseh*. Commonwealth Bank. **$1.** Aa. 1830's. S. Stiles, Sherman & Smith. (MI-430, G-2). Unissued. **EF,** aging, a scotch tape thin spot and minor discoloration at the upper right corner. **(Photo)** *($750-Up)*
Unlisted in the Bowen reference, though mentioned on page 77. This rarity, from the Bowen Estate originally, would seem to have a census of at least three specimens known to us. The Haxby Plate Note, the example sold as Lot 527 in the CAA 1992 Orlando Sale (now cemented in a major collection) and this example. If two or three others existed that we are not aware of, this would still rank with the rarest of rare of the Michigan Safety Fund banknote issuers. Since Michigan is one of the most heavily collected states that issued obsolete notes, this would obviously be the centerpiece of an advanced collection. An opportunity to own a real gem.

1249 *Tecumseh*. Commonwealth Bank. **$2.** A.a. Same series. **Unlisted in Haxby and Bowen.** Unissued. **AU,** aging, petty folds, full borders. **(Photo)** *($750-Up)*
Census known to us is this example and Lot 528 of the same CAA sale. **Rarer than the last** and another opportunity to obtain a great rarity. Perhaps two sheets of this appeared at one time. The CAA specimen (now locked in a major collection) is also A.a block. The Haxby Plate note $1 is also Aa, proving a second sheet. The sheet is most likely $1-1-2-3 by the usual printing convention. However, we have never seen a $3 note.

1250 **Michigan Bank Note Size Scrip Notes.** [2] ***($250-Up)***
1) *Coldwater*. A. T. Lanphere & Co. per Branch County Savings Bank. **$2.** Busy harbor scene c; Train l.; young man rt. **Unc.**, pinch corner fold. 2) Grand Rapids Bridge Company. **$1.** 1840's. No imprint, but finely engraved. Two woman c.; farmer, woman at left; Indian, bridge at right. Unissued. **Unc.**, cut close at the lower left.

Superb Group of Michigan Proof Notes

The following is an unusually extensive selection of Michigan proofs, several from the Bowen Estate. Until the American Banknote Archive sale in 1990, Michigan proofs were rarely encountered. Even at that sale, only 20 lots appeared with some duplication. The total amount of Michigan proofs extant is well below most states. For some reason, archive proofs from the RWH era seem to have been missing from the ABN sale. This is an opportunity to purchase some real rarities and for the most part these are the first proofs of these types we have sold in any of our almost 150 auction sales.

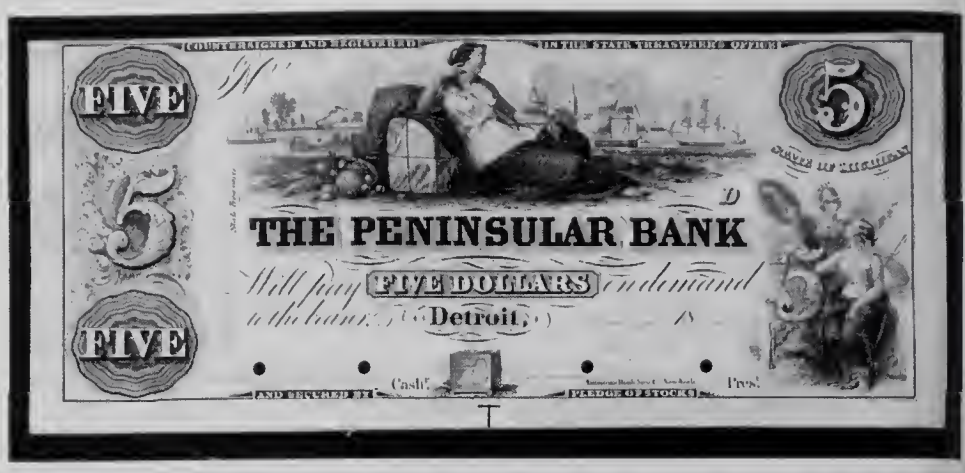
1251 *Adrian*. Erie and Kalamazoo RR Bank. **$2.** SSSS. (MI-10, G-6). **Proof** directly on card. Virtually pristine example **Unc.**, a bare hint of some foxing. **(Photo)** ***($275-Up)***

1252 *Adrian*. Rail Road Bank. **$1.** B. No imprint, Ormsby essay note used is in his detectors. Popular. Train center. **Proof** directly on card. **Unc.**, trivial foxing. ***($150-Up)***
We have seen examples exceed $200 at auction. This is unusually nice, as often the plate from the Ormsby becomes extremely foxed or damaged.

1253 *Detroit*. Bank of Michigan. **$50.** Unlisted demand note denomination. **Proof** on India paper by DUBS. **Unc.** and of **Great Rarity. (Photo)** ***($500-Up)***
Appears to be the single example from Lot 788 in the ABN sale, or at worst a second example of an unlisted note.

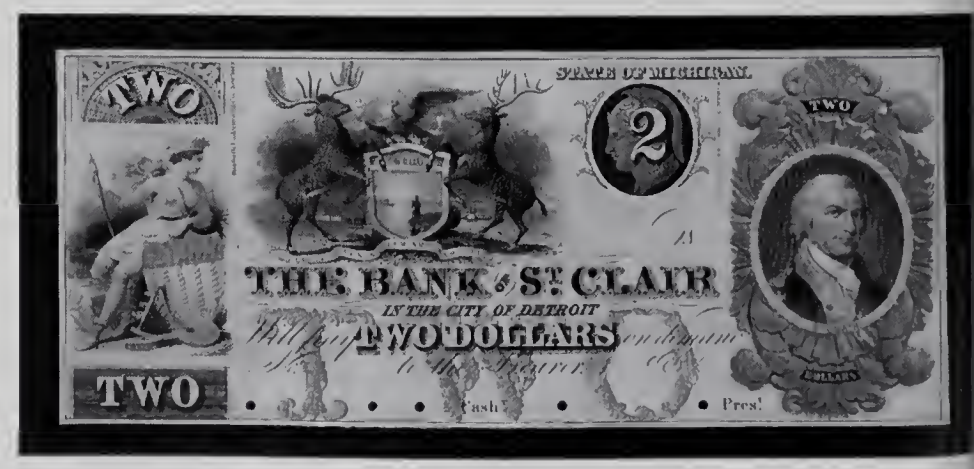
Please note that a 10% buyer's premium will be added to each lot purchased.

1254 *Detroit*. Mayor, Recorder & Alderman. **50¢.** RWH. Coin note, Bust halves each end. **Proof** on India paper. **Unc.**, back hinge remnants, a large scalloped POC in the center. **(Photo)** ***($200-Up)***



1255 *Detroit*. Peninsular Bank. **$5.** (MI-155, G-8b). **Proof** on India, on original card. **Unc.**, POC, a hint of foxing. Ex Bowen Estate.
(Photo) ***($400-Up)***

1256 Bank of St. Clair in the City of Detroit. **$1.** C. (MI-365, Unlisted). **Proof** on India, mounted on original card. Wide top margin, aging, **Unc.**, POC. Ex Lot 791, ABN Sale. **(Photo)** ***($500-Up)***



1257 Bank of St. Clair in the City of Detroit. **$2.** B. (MI-365, G-26). **Proof** on India, mounted on original card. Aging, **Unc.**, POC, loose from its original backing. Ex Lot 791, ABN Sale. **Very Rare. (Photo)** ***($600-Up)***

1258 *Marshall*. Bank of Michigan. **$1, $3.** (MI-265, G2, G-4). **Proofs** direct on card. **Unc.**, a barely noticible flaw across the $3. from the printing process. [2] *($250-Up)*

Excessively Rare
Bank of Michigan Centre Proof Notes

1259 Bank of Michigan Centre. **$1.** A. (MI-270, G-2). **Proof** on India, mounted on thick paper. **EF**, POC, a short top tear hinged from the back, some rippling. Otherwise, quite choice. **A Great Rarity** and perhaps **Unique as a Proof note. (Photo)** *($750-Up)*
Haxby pictures a flawed remainder note only. No description known to Bowen at the time he published his reference.

1260 Bank of Michigan Centre. **$2.** B. (MI-270, G-4). **Proof** on India, mounted on thick paper. **AU**, POC, some rippling. Otherwise choice and **Another Great Rarity. (Photo)** *($750-Up)*

1261 *St. Clair*. St. Clair and Romeo RR Co. **$1.** A. (MI-370, G-2). **Proof** directly on card by Durand. Top margin notation, **Unc.** and choice. **(Photo)** *($500-Up)*
Certainly the example from Lot 793 in the ABN sale (notation mentioned). The notation on the card is perhaps an ABN official looking for the plates to produce a souvenir card in the 1970's. The likelihood of canceling the plates in 1873 seems very unlikely since the rail road had been out of business for many years then. A **Unique Sheet** in the ABN and probably one of only two proofs that is likely to be ever available.

1262 *St. Clair*. St. Clair and Romeo RR Co. **$2.** A. (MI-370, G-4). **Proof** directly on card by Durand. **Unc.** and choice except for a light handling pinch. Perhaps **Unique** as a proof, the example from the ABN sheet. **(Photo)** *($600-Up)*

1263 Farmers Bank of Sharon. **$3.** (MI-410, G-4). **Proof** on India paper by Burton & Gurley. **AU**, POC, light handling and stamped by the ABN, with bleed through at the vignette. The **Unique** proof example from Lot 795 in the ABN sale. **(Photo)** *($650-Up)*

1264 Farmers Bank of Sharon. **$5.** (MI-410, G-6). **Proof** on India paper by B&G. **AU**, due to handling. Stamped as last with moderate bleed through. **(Photo)** *($600-Up)*
Not illustrated in Haxby; much rarer than its modest listing.

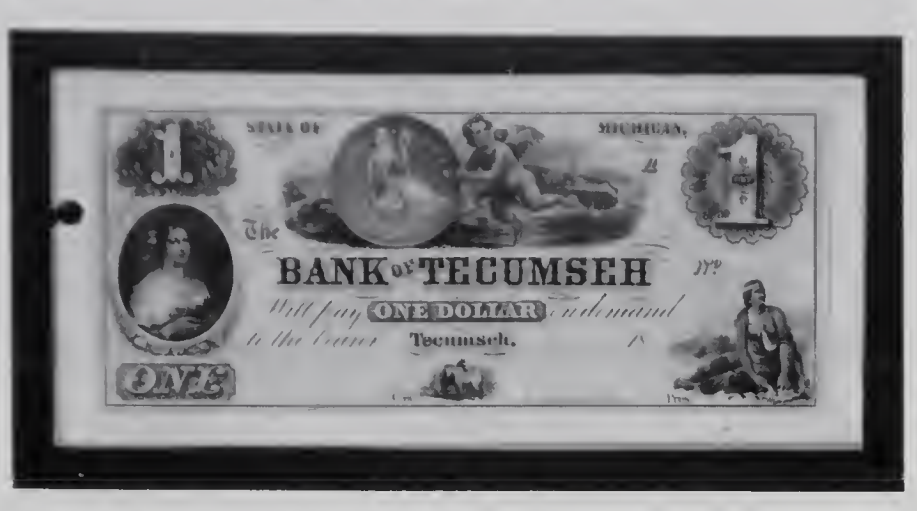
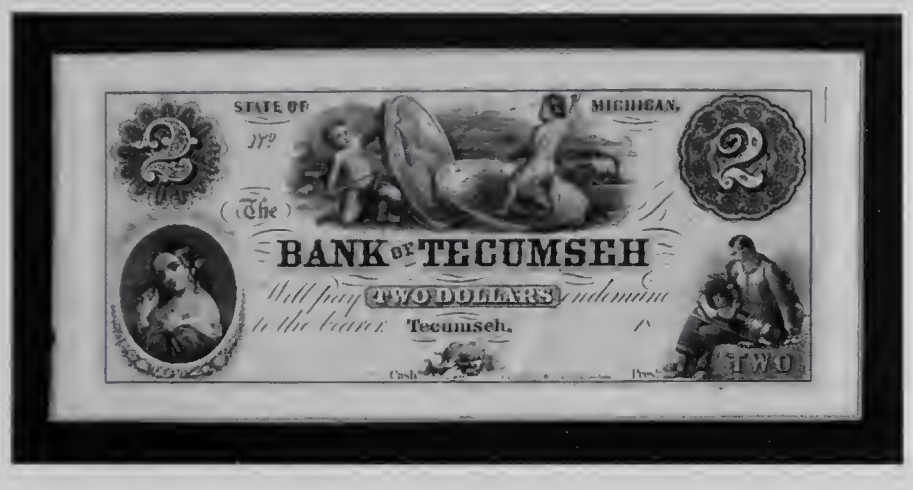
Lovely Coin Vignette Notes From the Bank of Tecumseh



1265 Bank of Tecumseh. **$1.** (MI-435, G-20). **Proof** on India, mounted on wide margined card. No tint plate. **Unc.,** POC, small foxed spot, a piece off the wide left margin. **(Photo)** ***($500-Up)***



1266 Bank of Tecumseh. **$2.** (MI-435, G-24). **Proof** on India, mounted on wide margined card. No tint plate. **Unc.,** POC. **(Photo)** ***($500-Up)***

1267 Bank of Tecumseh. **$5.** (MI-435, G-28). **Proof** on India, mounted card. No tint plate. **Unc.,** POC. **(Photo)** ***($500-Up)***
Probably on a wide margined card at one time and trimmed down. The three superb Tecumseh proofs came from the Bowen Estate and display the lovely coin vignettes to their full beauty. The issued notes with tints are scarce and generally come in very low grade.

Montana

Political Note Rarity

1285 **MT.** *Missoula.* Missoula Mercantile Company Standard Oil & Amalgamated Copper Co. **$2.** Green and black. **Abt VG,** the top border trimmed at the right; soiled. **(Photo)** ***($300-Up)***
A political item issued when Standard Oil magnates H.H. Rogers and William Rockefeller set up the Amalgamated Copper Company in 1899 with a capital of $75 million. Rogers took advantage of Rockefeller's passivity to run the firm in a scandalously ruthless way. Hence the printing on the back; "This is the only kind of money Montana will see if the Standard Oil Amalgamated Copper Co. wins the election on the 6th of November". Amalgamated was ultimately converted into the Anaconda Copper corporation and controlled the affairs of Montana for years, corrupting judges, legislatures and even ruining Augustus F. Heinz, whose effort to corner the copper market in the fall of 1907 brought down his bank and very nearly the American economy in the crash of 1907. Contrary to the assertion on the front where John D. Rockefeller's signature appears, the head of Standard Oil was not only already quasi-retired, but strongly disapproved of Rogers' modus operandi.

Only fifteen years ago this proof would have fetched over $1000 in a public auction. These are bargains at today's price structure and when the supply of choice large size type and Confederate rarities really dry up, this area may also follow suit as currency collectors look for rare material to collect.

Important Collection of New Jersey 1833-1845 Hard Times Era Currency

The following selection of 81 Public Lots comprise part of the finest grouping of early New Jersey scrip notes to be offered in quite awhile. What sets them apart is the extreme care and historical sense used in acquiring them. Instead of concentrating on a county, region, theme or some other criteria, our consignor, who is well known in the paper money research and collecting fields, focused on a historical time period to form a collection of notes.

The 1833-1845 time period was one of great financial upheaval in the United States. Briefly, the economic politics of the era centered around the Bank of the United States and its policies. The pro bank forces led by Nicholas Biddle (President), Henry Clay and the Whig Party sought a recharter for the bank. The Anti-Bank group included Andrew Jackson, the US President, Amos Kendall and those favoring economic opportunity. The destruction of the Bank's capacity to check inflation or serve as a lender of last resort exacerbated the speculation in public lands which was further fueled by a massive inflow of hot money from Mexico, and the tyranny and disorders in that country.

The resulting over issue of notes led to three crashes in 1837, 1839 and 1841 which destroyed hundreds of banks and led to the foreclosure of countless thousands of businesses and homes. The hoarding of silver and gold coin forced the issue of various kinds of emergency money in under $5 denominations, some of it by banks, but most of it by local governments, private persons and corporations.

This collection opens a window to the currency of New Jersey in this period and includes banknotes as well as merchant scrip. Many notes in this collection are likely to be unique. Several were used as plate notes for the Haxby banknote reference or were used in the Wait New Jersey book.

Please be sure to see the mail bid only section of this catalogue for the second part of this collection, also containing many desirable notes from this area. Enjoy this opportunity to add some of these important notes to your collection.

Unlisted in Wait, Morris, Phil. **Poor,** 85% of the right border gone along with the top right corner into the top right denomination counter. The paper is good to very good, but there are petty paper body splits, a tear in from the right side and scattered foxing. More likely than not, **Unique. (Photo)** *($200-Up)*

The filling in and the carry over of the "p" and "y" in in the signatures at the top raises the interesting question as to whether at one point there were two sheets, one filled in and the other one blank.

1301 *Bridgeton.* Cumberland Bank. **$8.** (NJ-45, G-40; Wait-163, R-7). Haxby Plate Note. **Unc,** handling traces, hinge remants in the top corners. **(Photo)** ***($400-Up)***

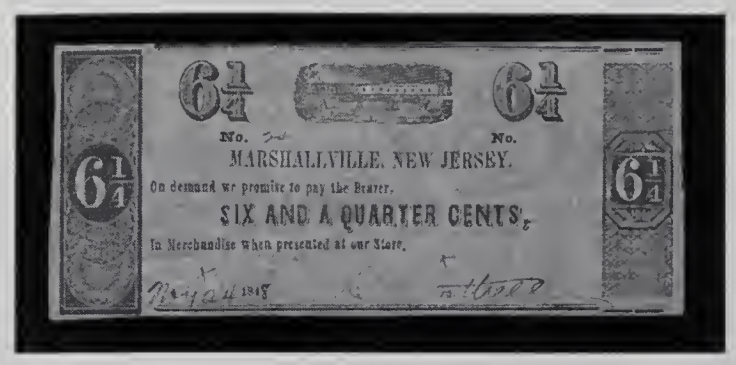
1323 *Lambertville*. Delaware Bridge Co. **$5.** (W-1055). 1838. **VG-Fine,** rust lines across the back, staining. **(Photo)** ***($200-Up)***

Much rarer than the R-4 rating accorded to this note in Wait.

1324 **New Hope Delaware Bridge Company Higher Denomination Pair.** [2] ***($180-Up)***

1) *Lambertville*. New Hope Delaware Bridge Co. **$5.** C. (NJ-280, G-18; W-1056). **Fine, plus.** An exceptional grade for this usually well-worn note, it looks Unc.! 2) **$10.** (NJ-280, G-22; W-1058, R-5). **VG-Fine.**

Variant on the Delaware arms at center; what this is doing on a New Jersey note is unknown.



1325 *Marshallville*. C. Cottrell. **6-1/4¢.** (W-1085, R-7). 1848. **Unc,** handling. The Wait Plate note. **(Photo)** ***($200-Up)***

In this type of collection it is important to point out the notes listed in the standard references. This way, future collectors won't think there are several of this and several of that. In many instances the rarity of obsolete notes of this caliber border most times on the semi-unique or unique, it's not wise to confuse future generations with the absence of clear cut pedigrees when available.

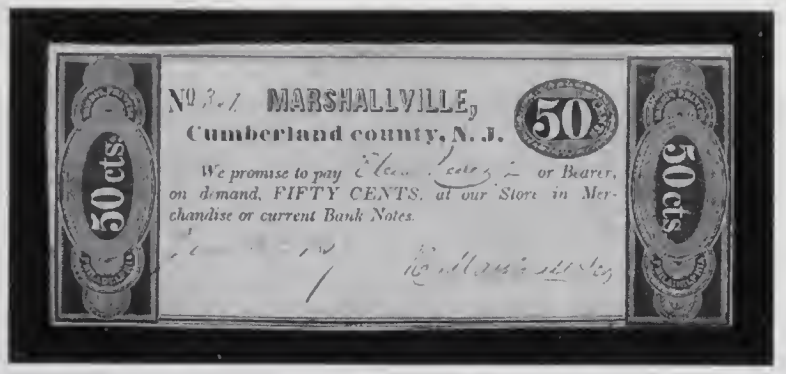
1326 *Marshallville*. Marshall, Edmunds & Co. **6-1/4¢.** (W-1088). 1843. No.56. **VF,** light stains here and there, heavier stains and an ink smear on the back. **(Photo)** ***($135-Up)***

Much rarer than listed in Wait. It is evident from the confused listings that the Marshall family issued notes under the names of Randall Marshall, Randal Marshall & Co., and Marshall, Edmunds & Co., issuing notes on these persons or entities as the situation required. Unlike the preceding note, this one is printed on red silk fiber paper.

We accept MAIL, PHONE or FAX bids for any lot in this Sale.

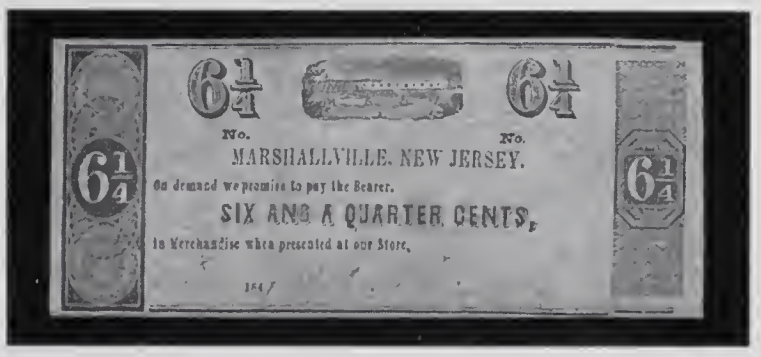
1327 *Marshallville*. Randal Marshall & Co. **12-1/2¢.** (W-1093). June 16, 1837. Black. **VG,** rather aged, foxed areas, petty edge nicks. **(Photo)** ***($200-Up)***

An E. Morris product from Philadelphia, but without imprint.



1328 *Marshallville*. Randal Marshall & Co. **50¢.** Unlisted by Wait. June 16, 1837. E. Morris. **Fine, plus. (Photo)** ***($200-Up)***

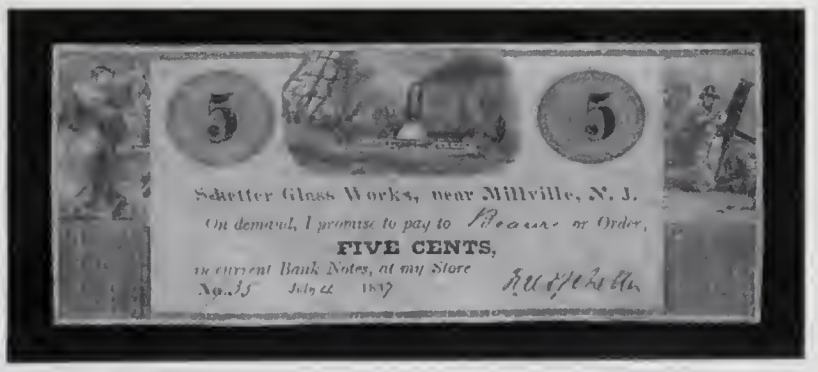
This note was a sheet mate at some point to the Wait-1092,1093,1094 notes which are listed under an "Unknown issuer".



1329 *Marshallville*. W. A. Williams. **6-1/4¢.** Unlisted, 1841, similar to the Cotrell note above. **AU,** wrinkling. **(Photo)** ***($200-Up)***

It appears that the non-Marshall family note issuers in Marshallville used blue notes with vignettes, in this case a covered bridge. Printed on red silk fiber paper.

Glass Work's Rarity

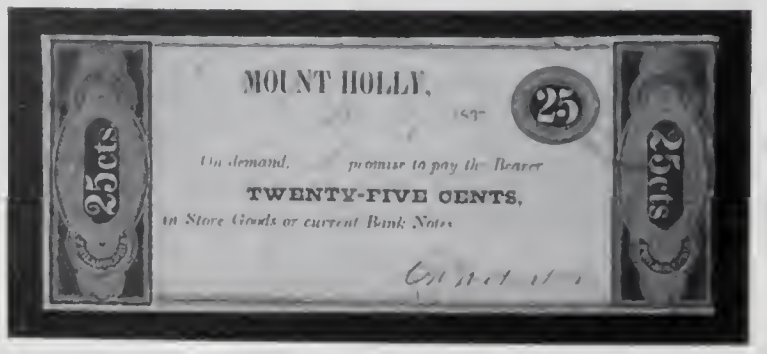


1330 *Millville*. S[c]hetter Glass Works. **5¢.** (W-1188, R-6). July 4, 1837. Morris stock note. **VG-Fine,** back stains. **(Photo)** ***($250-Up)***

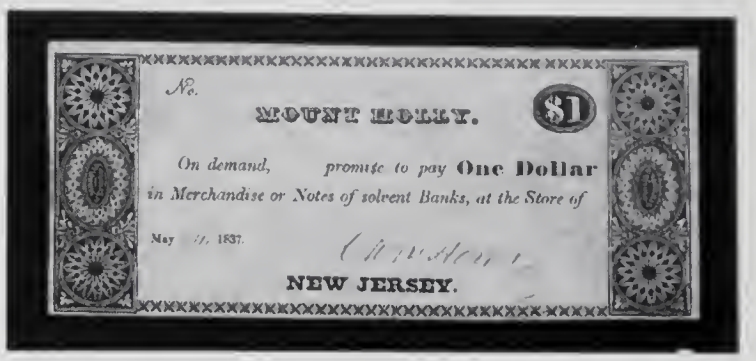
Signed by a Schetter. Much rarer than its R-6 listing would warrant.

1331 **Monroe Forge, near Mays Landing, NJ Scrip Set.** [4] ***($200-Up)***

1) *Monroe Forge*. Lewis M. Walker. **12-1/2¢.** (W-1197). **Fine, plus,** mottled aging, endorsed on the back. 2) **25¢.** (W-1198). **VF,** several paper folds as made at the left. Exceptional grade! 3) **50¢.** (W-1199). **VG,** light soiling, a small tear in from the left, a couple of tack holes at the right. 4) **$1.** (W-1200, R-5). **VG,** more aged than the preceding, with darker stains and a small central body hole. All issued near May's Landing in NJ. Well matched set, and generally above average.

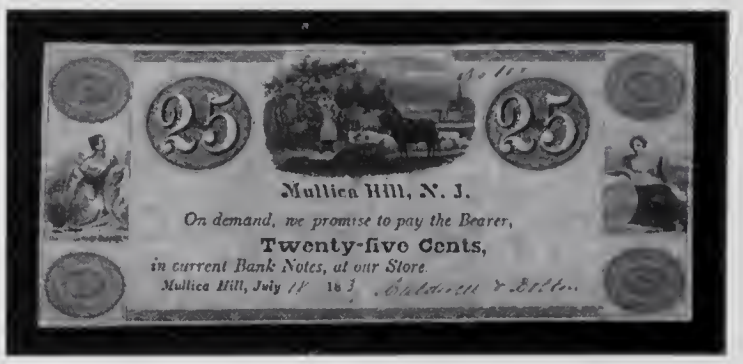


1332 *Mount Holly*. Charles M. Harker. **25¢.** Unlisted. June 27, 1837. E. Morris. **Fine,** a repaired body tear in the right side runs from the right border to the right denomination counter. **(Photo)** ***($150-Up)***



1333 *Mount Holly*. Charles M. Harker. **$1.** Unlisted. May 16, 1837. E. Morris. **Fine, plus,** light soiling. Choice. **(Photo)** ***($175-Up)***

A rare early form of the Morris stock notes.



1334 *Mullica Hill*. T. Caldwell & Bolton. **25¢.** Unlisted. July 18, 1837. Vignetted stock note. **F-VF,** ink spots on the back, moderate aging. **(Photo)** ***($200-Up)***

1335 *Newark*. Mayor & Common Council of the City of Newark. **25¢.** B. (W-1373, R-4). **Abt VF,** mounting paper remnants on the back, trimmed close at the top. **(Photo)** ***($125-Up)***

A nice coin note, rather scarcer than indicated.

1336 **Mayor & Common Council of Newark Change Bills.** [3]
($250-Up)

1) *Newark.* Mayor & Common Council. **12-1/2c.** (W-1366, R-4). June 1, 1837. Spanish coin note **Fine, plus** light aging. Choice and underrated in Wait in terms of its rarity. 2) **25c.** C. (W-1374, R-5). June 30, 1837, payable 1839. U.S. coin note. **G-VG,** with a series of scattered small body holes. 3) **50c.** (W-1380, R-5). **VG,** seven or eight long splits repaired on the back, with body holes. The note is certainly falsely filled in and the paper indicates that this should be a proof.

Neophyte collectors of NJ obsoletes confuse these with the much more common Mechanics Hall Association notes (which look very similar). Our experience with this issue would lead us to believe in a Rarity Six rating for these notes. We have handled very few.

1337 *Newark.* Mayor and Common Council of the City of Newark. **$1.** B. Unlisted in Wait. June 30, 1837. RWH. State arms, center; dollar coin, right. **Good, plus,** small spot, some loss of definition. **Very Rare.**

1338 *Newark.* Mechanics Bank. **$5.** G. (NJ-365, G-20; W-1433, R-7). 1835. **VG,** soiled, stained, some pin holes, trimmed close at the right. **(Photo)** ***($150-Up)***

All within a broken line box. **VG-Fine,** a small bottom edge cut. 2) **25¢.** October 6, 1838. Edward E. Whaites stock note, steamer, left; NY City Hall, top center, woman with bow, right; C. C. Wright, Del inscription, lower left corner of this vignette. **VF,** endorsement with 1946 date on back. 3) **50¢.** Feb 3, 1838. E.P. Whaites. Ely stamp as on the first note on the back, "Groceries at Cash prices" in red ink at the top. **Unc,** a paper wrinkle. 4) **$1.** October 20, 1837. Whaites imprint. Steamboat, left; New York arms, right. **VF,** lightly printed at the right.

New York

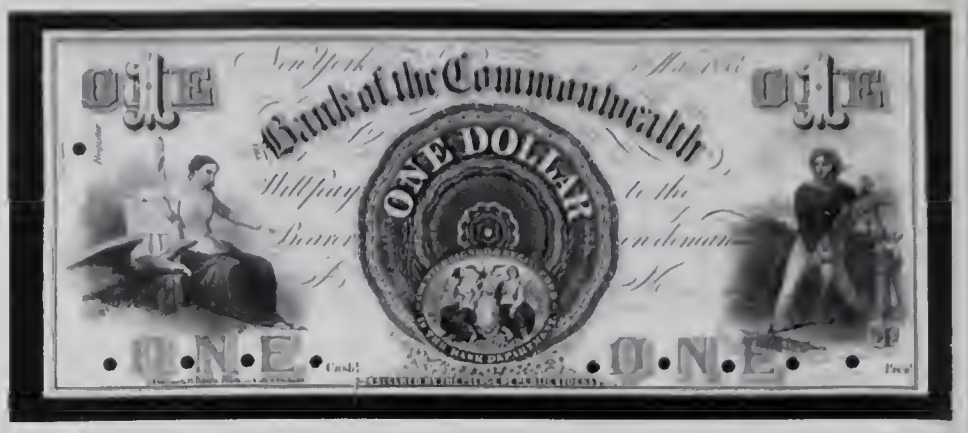
1374 *Albany*. Folsom's National College Bank. **$5.** (H&MS-160-5). Attractive green undertint of the school, red medallion vignette lower right. Back with useful business sayings. **Unc.,** some handling. ***($200-Up)***

1375 *Campville*. R. C. McNeil, per the Bank of Tioga at Owego. **10¢.** 1862. Doty & McFarlan. Red and black face; ornate green back. **VG,** quite soiled both sides, rounded corners. ***($200-Up)***

The face contains the endorsement of the bank cashier to certify that there is indeed a special deposit to secure the issued notes. The green back with its eagle copied from U.S. securities is exceptional and the first seen by us in this form.

1376 *New York*. Agency & Exchange Bank. **$5.** 1815. No imprint, the style of Barker issues. Eagle, holds motto "Security", mottoes "Peace" and "Liberty" at each end. Nearly **VG,** small flaws at the right, overall aged appearance from mounting in a scrapbook. **(Photo)** ***($250-Up)***

Unlisted in any reference to our knowledge and the first we have seen. The president is **A. Bayard,** a local figure of the time and he even has a street named for his family in New York City's present Chinatown. Should see spirited bidding by the New York City collectors we are aware of.



1377 *New York*. Bank of the Commonwealth. **$1.** (NY-1545, G-2 **SENC**). **Proof** on card. **Unc,** POC. From the ABN sale, but not stamped. **(Photo)** ***($225-Up)***

1378 *New York*. Bank of the Commonwealth. **$10.** (NY-1545, G-10). **Proof** on card. **Unc,** POC. Also, Ex ABN. **(Photo)** ***($225-Up)***

1379 *New York City*. Maverick Bank Note Engraver and Printer. **5.** Advertising note, woman seated, Ship in harbor; NY arms below, Penn right. No imprint. **VG,** small piece off top, small fold splits. ***($150-Up)***

Located at 85 Liberty Street (the present World Trade Center is on Liberty Street as well as three other major streets). The firm engraved a variety of items, but it is difficult to say whether this relates to Peter Maverick. This perhaps is a play on his well known name, for he certainly would have imprinted the note.

Rare Elephant Vignette

1380 *New York*. Oriental Bank. **$5.** (NY-1855, G-8). The Haxby Plate Note. **Proof** on card. **Unc.** Small and not readily seen slash cancellations in the signature blocks. **(Photo)** ***($400-Up)***

Rarely seen Elephant vignette at the left. This vignette we can't recall seeing anywhere and was probably produced for a foreign note or security initially.

1) Bank of Canandiagua. **$2.** (NY-530, G-4 red "TWO"'). **Unc.,** POC, light foxing upper left. 2) *New York.* Nassau Bank. **$1.** (NY-1780, G-2 **SENC**). **Unc.,** POC, foxing spot. 3) Same. **$5.** (G-8 **SENC**). **Unc.,** POC, foxing spots at the left of the note. All **Proofs on** card, all stamped by the ABN, but obviously no bleed through.

A Collection of New York Proof Notes

The following selection of New York proofs is the largest offering since the ABN Archive sale several years back. Many of these issuers were not present in the archive sale and are the first we have offered. Many of them are SENC in Haxby, and these are their first published illustrations. Notes contained here pedigree from the Ralph Goldstone holdings, the Gnevrekian sale (NASCA, 1977) and other early obsolete currency auctions.

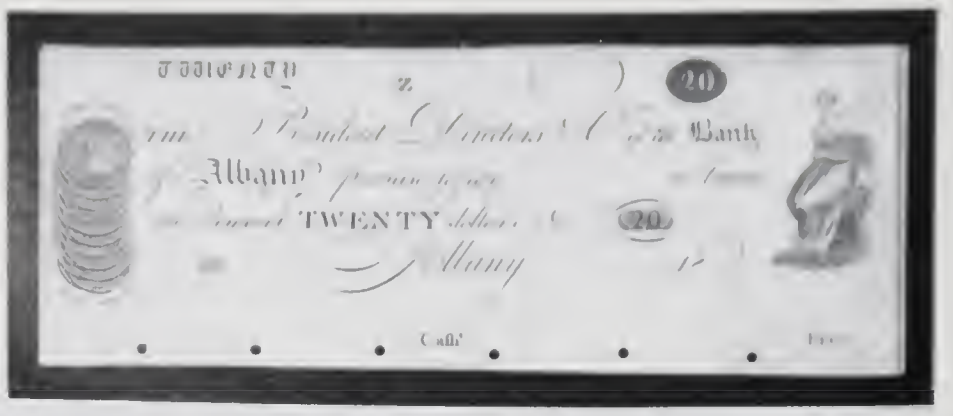
1384 *Albany.* Bank of Albany. **$2.** C. (NY-30, G-40, **SENC**). **Proof,** on card. **Unc,** rectangular cut outs in the two signature blocks. One of these is torn through to the edge, taped on the back. *($150-Up)*

Note the 180- date, the 1805 silver dollars at the left (there were none in fact) and the fact that the note is payable to Stephen Van Rensselaer, the lord of the manor not only across the Hudson River from Albany, but also of the county which included Albany.

1385 *Albany.* Bank of Albany. **$2.** (NY-30, unlisted). **Proof mockup** on card. Two US type coins, left; Ceres, left, bank building in red, stripped in by cutting off the right end and inserting the vignette; city arms, center. Note the beaver which has cut down a tree and the motto "Assiduity". **Unc,** POC, border lines missing top and bottom at the left. **(Photo)** *($200-Up)*

Do You Have Currency For Sale?

If you are thinking of selling your currency please remember that we are willing buyers. We will gladly make generous offers on single items, estates, collections, and corporate or institutional archives.



1386 *Albany.* Bank of Albany. **$20.** Z. (NY-30, G-92, **SENC**). **Proof, mockup.** Ten 1799 and 1800 silver dollars at the left; Ceres in red, right. **AU,** a fold along the right edge, POC. **(Photo)** *($200-Up)*

The right vignette and "Prest" are in red. The right end of the note has been cut off and the red items inserted into the note and glued to the card of the old note in lieu of the piece cut off.

1387 *Albany.* Commercial Bank. **$5.** I. (NY-60, G-18). **Proof,** on card. **Unc,** POC. *($150-Up)*

1388 *Albany.* Mechanics and Farmers Bank. **$5.** B. (NY-75, unlisted). **Proof,** on card. **Unc,** POC. **(Photo)** *($200-Up)*

This is a DB note, part of a series of 1840's and 1850's notes not mentioned by Haxby.

1389 *Buffalo.* Bank of Buffalo. **$5.** B. (NY-369, G-14). **Proof** on card. **Unc,** small holes cut into the signature blocks. *($150-Up)*

The note can be dated with some certainty from the "New York Bank Fund" inscription at the top which refers to the legislative act insuring bank notes and deposits after 1831.

1390 *Catskill.* The Catskill Bank. **$1.** A. (NY-590, unlisted). MDF. **Proof,** on card. **Unc. (Photo)** *($150-Up)*

Prepared prior to the end of 1823 and part of a series of notes not even mentioned in Haxby. However, from the serial letter of the next note, we may infer that the sheet ran $1A, $1B, $1C, $2D.

Please note that a 10% buyer's premium will be added to each lot purchased.

1391 *Catskill*. The Catskill Bank. **$2.** D. (NY-590, unlisted). MDF. **Proof,** on card. **Unc,** aging, soiling lower right corner. ***($150-Up)***

Mounted on thick laid paper.

1392 *Cherry Valley*. Central Bank. **$1.** B. (NY-625, G-32). **Proof,** on card. **Unc,** POC, light scuff marks on the back. ***($150-Up)***

One of the emergency low denomination notes issued in the early 1840's and redeemable by the Safety Fund, as are the two succeeding bills.

1393 *Cherry Valley*. Central Bank. **$2.** A. (NY-625, G-36). **Proof,** on card. **Unc,** POC, light scuff marks on the back. **(Photo)** ***($175-Up)***

1394 *Cherry Valley*. Central Bank. **$3.** A. (NY-625, G-40, **SENC**). **Proof,** on card. **Unc,** POC, light soiling on the back. **(Photo)** ***($200-Up)***

1395 *Cherry Valley*. Central Bank. **$5.** C. (NY-625, G-33, **SENC**). **Proof,** on card. **Unc,** POC, moderate aging. **(Photo)** ***($175-Up)***

Issued under the Safety Fund guarantee apparently with three 5's and a 10 on the sheet. Obviously very few notes from this emergency issue have survived to judge by the number of SENC labels attached to them.

1396 *Cherry Valley*. Central Bank. **$10.** A. (NY-625, G-48, **SENC**). **Proof,** on card. **Unc,** POC, lightly aged. **(Photo)** ***($175-Up)***

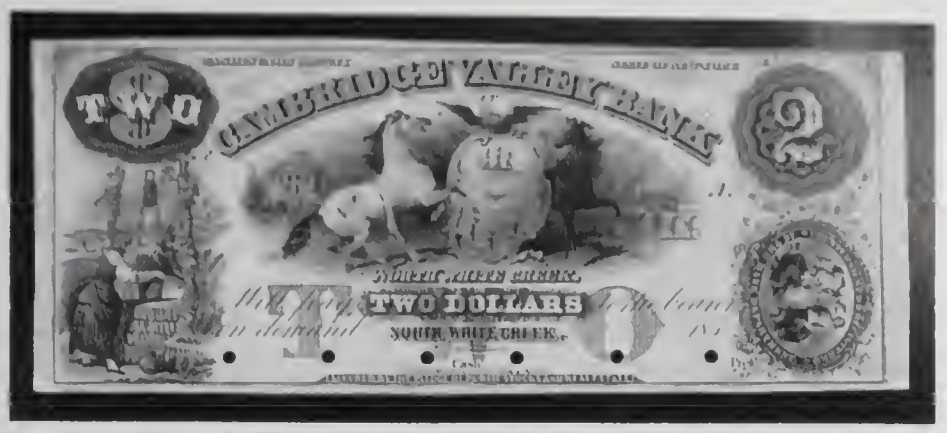
1397 *Kingston*. State of New York Bank. **$2.** (NY-1165, G-4, **SENC**). **Proof,** on india paper only. **Unc,** POC, one punch hole's paper has not fallen out and there is paper wrinkling, especially at the bottom. **(Photo)** ***($200-Up)***

1398 *Lyons*. P.R. Westfalls Bank. **$2.** (NY-1300, G-4). **Proof,** on india paper only. **AU,** right of center fold, POC, two back hinges. **(Photo)** ***($250-Up)***

Ex lot 1719 of the April 30, 1979 NASCA Sale.

1399 *Newburgh*. Highland Bank. **$5.** (NY-1980, G-8, **SENC**). **Proof,** on india paper only. **EF,** POC, a fold, handling on both ends, a foxing spot around the right punch hole. **(Photo)** ***($250-Up)***

Note the scene of the Hudson highlands from the Newburgh wharf at the center.



1400 *North White Creek*. Cambridge Valley Bank. **$2.** (NY-2030, G-4, **SENC**). Red overprint, DW. **Proof,** on india paper only. **Unc,** POC, top edge wrinkling and top corner foxing spots. **(Photo)** ***($250-Up)***

Note the anomalous Pennsylvania arms at the center. This note should probably be numbered G-4a, as the G-4 note is a proof without a tint, and the DW imprint is the transition to the ABN imprint of the post 1858 period. An example of this note did appear in the ABN sale, lot 1288 in 1990, but this note does not come from that sale.

Unusual $4 Denomination

1401 *Ogdensburgh*. Ogdensburgh Bank. **$4.** D. (NY-2065, G-8, **SENC**). **Proof,** on card. **Unc,** POC, foxing all over the back. **(Photo)** ***($350-Up)***

Although this is the reprinted issue from the 1880's, these are still rare and quite historical. The anti-slavery movement in the United States took several forms. One was this early "Back to Africa" movement initiated by whites with the aim of establishing Liberia on the West African coast as a Black State with Monrovia as its capitol. The other organization was the American Colonization Society, whose notes are significantly rarer, also to be based in Monrovia. Later in the 20th Century Marcus Garvey, a Jamaican by birth, initiated a legitimate black "Back to Africa" movement and became quite an influence in Northern American black communities. He was even able to sell stock in a few black held companies to complete this goal.

How To Get the Best Results When Bidding in a Mail Bid Sale

Bidding in mail bid auctions can sometimes be a real challenge, but mail bid auctions are real opportunities for collectors to acquire items that may be hard to obtain any other way. Experience has taught us ways to minimize frustrations, and maximize results, and we would like to share some of those ideas with you. Here are the questions we are asked most often and some of the suggestions we have made to bidders. We think they will save you time, money and help you win lots you might otherwise miss.

"I can't come to your office to view lots, but I want to know more about a particular lot before I bid on it."

Lots are available at the times and places posted in the front of the catalogue. We often bring lots to conventions, and there is no better way to learn about numismatics than to attend a convention, view auction lots, and talk to dealers and collectors. But if you can't be there, here is how we can help you get a better idea of what you are bidding on:

1) **Call us, and we will be happy to have one of our experts describe any lot you ask about.**
2) **We can arrange to copy most items and we will FAX or mail the copies to you at a nominal charge.**
3) **If you have established credit with us we may be able to ship lots to you for direct viewing.**

Please realize that requests for phone assistance, for copies or for shipping lots directly to you **must be arranged well in advance of the closing date of the sale.**

"I have a limited budget and although there are many items I would like to bid on, I am afraid of exceeding my budget."

There is an easy way to solve this problem. It is called **a "limit" bid sheet.** Let's look at an example. Mr. Smith collects Confederate notes and he sees that there are over thirty lots he would like to buy. His budget is $1,000, but the estimates on the thirty lots he likes adds up to well over $5,000. If he bids on all thirty he might win them all and exceed his budget. To be safe, he bids on only ten, and he wins only one lot for a $100. Mr. Smith is disappointed because he missed the chance to bid on all thirty lots. **He could have bid safely on all thirty lots and increased his chances of improving his collection by submitting a "limit" bid sheet.** Here is how it works.

Mr. Jones has the same collecting interests as Mr. Smith. He has the same $1,000 budget. Mr. Jones bids on **all thirty lots** he is interested in. He writes at the bottom of his bid sheet **"Please limit my total bids to $1,000."** Every time Mr. Jones wins a lot we keep track of his total spending. When the total reaches $1,000 we will stop applying his bids. We did what he would have done had he been at a live auction. We spent only what he budgeted for.

There is a special advantage to limit bidding in a mail bid sale - the bids can be listed in order of your preference. List the lots you want most first.

"I see that there are two similar lots in the sale. I want only one of them, not both of them."

This problem can be solved with an **"OR"** bid. Let's assume that Lot #101 and Lot #102 are identical. You wish to bid $200 on either one, but you don't want both. Write the following on your bid sheet and you can accomplish your goal:

"#101 OR #102 at $200"

If you win Lot #101 we will cancel your bid on #102.

"What if there are three similar lots and I only want one?"

"#101 OR #102 OR #103 at $200" will work perfectly.

"When I don't win a lot I often seem to loose it by just a few dollars. It almost looks as if someone knows what I am bidding and they bid a little more. What is going on?"

Every auction house has its own way of closing a mail bid sale. Some houses will tell bidders exactly how much the highest bid is at any given moment right up until the end of the sale. We feel this is unfair, because anyone who is able to get through by phone near the end of the sale can top anyone else. If auctions are closed in this manner clients who are "friends of the house" have a distinct advantage and can top other bidders at the end. Those who bid early are at a disadvantage. To eliminate this problem **we don't give out information on what the highest bid is.** We advise bidders to bid exactly as much as they are willing to spend on a lot, and where possible, if they win a lot we reduce their bids to an increment just above the next highest bidder (there are exceptions - please see the Terms of Sale).

We think this method is fair to everyone involved, but it does result in bidders sometimes losing lots by $1, or $5 at times. If Mr. Jones bids $100 on an item and Mr. Smith bids $101, we have no choice but to award the lot to Mr. Smith for $101.

"I bid $30 on a lot that was estimated at $100 and I didn't get the lot. Later, when I got the Prices Realized the lot was reported as unsold. Why didn't I get the lot?"

The Terms of Sale state that bids less than 50% of the estimate will not be accepted. As auctioneers, we have a responsibility to the consignors as well as the bidders. Any bid that is considered to be less than the "...regular market value..." of the item may be rejected by the auction house. Keep this in mind when making bids below the estimates given.

We hope these questions and answers have been helpful, and if you have any comments, suggestions, or further questions concerning R. M. Smythe auctions, please feel free to call us at 800-622-1880, or 212-943-1880.
